LED RECHARGEABLE HANDS FREE LIGHT

SPECIFICATIONS

Battery Capacity: 1000mAh
Input Voltage: DC 5V / 1A
Material: ABS & Silicone
CCT: 1700K - 6000K
Lifespan: 50,000 Hours
LED Quantity: 2pcs Light
Intensity: 3 Levels / Dimmable
Brightness: 30+ Lumens
Switch: Push Button
Power: 2W

HOW TO USE

1. Turn On: Push Button
2. Change Lighting Mode: Press first to turn on the lights; press again to turn the light to amber; press a third time for cold white light and press again to turn the lights off. If you hold the button for a longer time the brightness can be adjusted.

CHARGING

1. The light can be charged by power bank, PC, or laptop via USB cable.
2. When charging, the indicator light will be red and when it is full the indicator will turn green.
3. After being fully charged the light can work up to 20 hours with amber light, 12 hours with white and 6 hours with max brightness.

TIPS

1. NOT recommended that you use QC 2.0, 3.0 quick charging as it may cause damage to the battery.
2. Charge the light before first time use.
3. Charging the light as soon as it starts to get dim will help preserve battery life.
4. Charge the battery at least once a month.
