

TECHNICAL BULLETIN

FLEET WASH

FLEET WASH is a hyper-concentrated truck wash designed primarily for the Oceania market. Developed and successfully utilised throughout Aotearoa, FLEET WASH has been built on a unique blend of biodegradable surfactants, whilst maintaining a DG-free status for ease of transport. FLEET WASH is highly recommend for removing stubborn road grime.

APPLICATION:

MULTIPURPOSE WASH: Including cars, motorcycles, tractors, trucks, boats & trailers. Dilute FLEET WASH 1:100 parts

water, or 2-3 cap full per standard 9L bucket.

PRESSURE WASH: Set dosing function at 1:50 parts FLEET WASH to water. FLEET WASH should be rinsed off before allowing to dry and applied out of direct sunlight for best results.

STORAGE & SHELF LIFE:

Twelve months when stored in unopened, original containers. Storage area should be not exposed to extreme temperatures.

Do not expose to direct sunlight in storage.

QUICK USE DILUTIONS:

VEHICLE CLEANING: Dilute from 1:50 – 1:100 with water as an economical vehicle wash. Apply with the use of a

sponge or soft tip brush before light agitation/scrubbing. Rinse accordingly for a sparkling finish.

HEAVY DEGREASING/ROAD SOILAGE: Dilute 1:10 parts water. Apply with the use of a sponge or soft tip brush before light agitation/scrubbing. Rinse accordingly for a sparkling finish.

HEALTH & SAFETY: Refer to product label. Material Safety Data Sheet available upon request.
