Product Information

SCARIFIER **SC400**

The SC400 scarifier is the ideal tool to aerate and regenerate your grass.

This model has a 5.0 HP engine, 40 cm working width and a variable working depth range of 0-15mm.

The pressed steel shell is made from one 3 mm steel sheet to ensure stability, rigidity, and durability.

The rotor height is adjustable from the handlebar.

Supplied with a catcher bag.
