

# BUSNEL

DEPUIS 1920

## Caring for the bags

The Busnel bags are presented in four different models: Busnel Bowling Bag, Busnel City Bag, Busnel City Bag Mini and Busnel Clutch. All the bags are made of smooth Italian calf leather and the details in gold plated copper. If you use your Busnel handbag with care and follow our recommendations you can have it for a lifetime. The leather will soften by time and age with grace. Always remember to store your handbag in the dust bag when not using it, to avoid sun damage and dirt.

### MATERIAL AND BAG DETAILS

- 100% Italian calf leather
- Gold plated copper details
- Chain shoulder strap
- Leather shoulder strap
- Comes with dust bag

### HOW TO WATERPROOF

- Impregnating the bag before use with a spray protectant
- Always avoid to use the bag outside on rainy days. If you get water on your bag, let the water spills dry naturally. Do not use any high-heat dryers
- Remember to use the spray protectant time by time and let it age with grace

### HOW TO CLEAN

- Clean your bag regularly, wipe your bag with a damp cloth 2-3 times a month
- If you need to clean your bag inside and out, leave it to a leather specialist

### HOW TO STORE

- Air your bag once every two weeks
- Store your bag in the dust bag when not using it
- Fill it with stuffing, use paper but never newspaper
