

## INSTALLATION INSTRUCTIONS FOR PART NUMBERS: D2000 & D2070

- STREET/STRIP MODULE ARE LEGAL IN ALL 50 STATES AND CANADA, CARB E.O. #D-57-22.
- RACE MODULES ARE NOT LEGAL FOR SALE OR USE ON POLLUTION CONTROLLED MOTOR VEHICLES.

### GENERAL INFORMATION

1. See our website ([www.pertronix.com](http://www.pertronix.com)) for latest product information.
2. **D2070 RACE MODULES ARE FOR RACING USE ONLY, do not install on street vehicles.**
3. **IMPORTANT:** Read all instructions before starting installation.
4. **WARNING!!! DO NOT USE WITH SOLID CORE IGNITION WIRES.**

### INSTALLATION

1. Installation of the module can be done with the distributor on the car, or the distributor removed. It is easier to access components if you remove the distributor from the engine.
2. Check the base timing, and record that value.
3. Disconnect the battery negative terminal. Then disconnect power and tach from HEI distributor.
4. Disconnect the 3 wire plug between the distributor and cap.
5. Remove distributor cap and rotor.
6. Remove mounting screws retaining HEI module. Lift module up, and disconnect the connectors at both ends. Remove HEI module, and wipe the distributor clean.
7. Apply a light layer of the included heat sink compound to the bottom of the HEI module. Connect HEI module to both connectors, and insert into distributor. The 2 plastic pins on the bottom of the module should fit into the holes on the distributor.
8. Re-install mounting screws on the HEI module and make sure they are tight. NOTE: The module is grounded through these, so these MUST be installed for the HEI to work correctly.
9. **WARNING - Ensure that the factory HEI noise filter capacitor inside of the distributor is intact and correctly mounted. Failure to do so could result in damage to the module. If your capacitor is damaged, you can purchase a replacement harness (PN #D9007).**
10. Re-install distributor rotor and cap.
11. Connect the distributor harness, power, and optional tach wires to the distributor cap.
12. Reconnect the negative battery cable.
13. Using timing light, recheck your initial timing.

### LIMITED WARRANTY

PerTronix, Inc. warrants to the original Purchaser of its Flame-Thrower HEI products that the product shall be free from defects in material and workmanship (normal wear and tear excluded) for a period of 12 months from the date of purchase.

If within the period of the foregoing warranty PerTronix finds, after inspection, that the product or any component thereof is defective, PerTronix will, at its option, repair such products or component or replace them with identical or similar parts PROVIDED that within such period Purchaser:

1. Promptly notifies PerTronix, in writing, of such defects.
2. Delivers the defective product or component to PerTronix (Attn: Warranty) with proof of purchase date; and
3. Has installed and used the product in a normal and proper manner, consistent with PerTronix printed instructions

THE FOREGOING LIMITED WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

THE FURNISHING OF A REPAIR OR REPLACEMENT COMPONENT OR COMPONENTS SHALL CONSTITUTE THE SOLE REMEDY OF PURCHASER AND THE SOLE LIABILITY OF PerTronix WHETHER ON WARRANTY, CONTRACT OR FOR NEGLIGENCE, AND IN NO EVENT WILL PerTronix BE LIABLE FOR MONEY DAMAGES WHETHER DIRECT OR CONSEQUENTIAL.
