Pavy Art + Design Studio Our products are inspired by the visual vocabulary and iconic imagery of Francis X. Pavy, who designs and hand-paints every pattern and colorway in our collection. Like his paintings, all of our fabric and wallcoverings maintain the painterly texture and overlays of color. Due to our hand-made process, pattern variations occur.

Heritage. Pavy Art + Design Studio is the maker of contemporary Cajun textiles that are strikingly beautiful, meticulously crafted, and infused with the spirit of South Louisiana. Our products provide visual narratives that add to the traditional aspects of our culture, and we hope to give our customers a personal connection and a true appreciation for the place we call home.
