BASE & TOP

BASE & TOP

BASE & TOP COAT PRODUCTS FORM THE BASICS OF A MANICURE. FOR OUR CUSTOMERS' SPECIFIC NEEDS, WE OFFER A GREAT VARIETY OF BASE & TOP COATS BEYOND THE REGULAR BASE AND TOP COATS. TAKE A CAREFUL LOOK!

BASE COAT

BLUESKY Base Coat protects the nails and bonds with BLUESKY gel polish or BLUESKY nails enhancement gel. It leaves a bit of a sticky feel that makes the polish adhere completely, so it is recommended for you not to wipe it off before applying your chosen gel polish. It is also used to avoid the gel polish on lifting and chipping easily. BLUESKY Base Coat is our most loved base coat, in order to secure long-lasting manicures.

BENEFITS

- It acts as a defense by adding a defensive layer from staining your natural nails when using dark colored gel polish or enhancement nail gel.
- It seals the oil from the nails so the gel polish or enhancement nail gel can adhere to it entirely.
- It fills all the ridges, provides a smooth surface for the nail polish to spread evenly, and helps the gel polish or enhancement nail gel stick better.

BASE 01

2IN1 BASE & TOP

BLUESKY 2in1 Base & Top Coat one can admit that it's the most convenient to use. Can be used both as a base and top coat and is perfect with BLUESKY gel polish. It has all the benefits of the regular base coat and the characteristics of the top coat.

Available in 10ml and 15ml bottle.

BASE 03

RIDGE FILLER BASE COAT (RUBBER BASE)

BLUESKY Ridge Filler Base Coat (Rubber Base) BLUESKY Ridge Filler Base is our most powerful base. It is thicker than standard and has all the benefits of our regular Base Coat. It is offered with colors to choose from in order to have a quick and easy application without using a nude gel polish on top of it. Available in 10ml and 15ml bottle.

NEW GENERATION OF BASE GEL

The 2 in 1 upgraded formula (base + color) shortens the time of making a nail. Perfect base layer with strong adhesion. Enhances the durability of the nails as nail strengthener but also could be used for creating the C-curve, fixing chipped nails or for sculpting nail extensions up to 5 mm using a nail form.

SELF-LEVELING, MEDIUM-THICK FORMULA

Self-leveling, medium-thick formula that maintains a stable condensed form during application. It spreads great and ZERO wrinkles in the lamp, shrinkage during curing, oxidation, color change.

THICK BASE COAT

STRONG ADHESION

BLUESKY Thick Base Coat can Improve the durability of gel color because of its strong adhesion between nail surface and color, making it to last longer.

BN01
LOOK ALIKE

BLOSSOM BASE COAT

BLUESKY Blossom Base Coat is created to support the Blossom Gel special Effect Collection. It is used only with this type of BLUESKY Special Effect Collection while it secures all the benefits of a Base Coat.

TOP COAT

BLUESKY Top Coat protects your gel polish which allows your manicure to last for a longer time. A top coat forms a very hard and durable layer over your polish which prevents them from getting damaged and stained easily. It also acts to insulate your polish from excessive contact with water and other harsh chemicals that can cause your polish to peel and chip easily. It adds a nice glossy sheen to your manicure making your polish look more sleek and professional.

In case you do not want the glossy effect, BLUESKY offers the Matte top Coat that won't add that sheen.

All it needs is a wipe off after cure.
Available in 10ml and 15ml bottle.

TOP 01

MATTE TOP COAT

BLUESKY Matte Top Coat has all the benefits of the regular top coat and offers the most elegant finish by creating a velvety texture effect on your nails.

All it needs is a wipe off after cure.
Available in 10ml and 15ml bottle.

MATTE T01

NO WIPE TOP COAT

BLUESKY No Wipe Top Coat one can admit that it's the most convenient to use, as there is no need to wipe off.

It has all the benefits of the regular top coat without needing of wipe off.

Available in 10ml and 15ml bottle.

TOP 02

NO WIPE MATTE TOP COAT

BLUESKY No Wipe Matte Top Coat creates a velvety texture effect and offers a long-lasting and firm result. It has all the benefits of the regular top coat without needing of wipe off.

MATTE T02

ULTRA SHINE TOP COAT

BLUESKY Ultra Shine Top Coat offers the most exquisite finish. It has all the benefits of the regular top coat, bringing an even higher glossy finish that highlights the diamond like effect. All it needs is a wipe off after cure. Available in 10ml and 15ml bottle.

TOP 03

NO WIPE SMART TOP COAT TOUCH

The NO WIPE TOP COAT TOUCH has high-density with shiny magnetic powder. It can be applied on any color base to get different holographic effect. Perfect for dark color base. Excellent for semi-permanent, coverage, elongations, reconstruction on all types of material such as gel, acrylic gel and also on natural nails.

GUM GEL

A combination of all the best traits about each nail extension method into one product. The revolutionary BLUESKY Gum Gel allows you to create extensions, sculpt shapes and enhance your nails in any way your creativity desires! Applies and cures as easily as Gel colors.

This product will change the way you enhance your nails. Whether you sculpt over forms or use as an overlay for tips or the natural nail. It has a thicker consistency than regular Builder Gel and is applied in a way more usually suited to acrylic application, which adds strength to the nails. Gum Gel is not self-leveling, but stays where you place it; unlike acrylic, it doesn't harden until it's cured in an LED or UV lamp. With a game-changing, odorless formula that utilizes a polymer fusion, BLUESKY's Gum Gel makes precise application easy, since you're able to control the amount of product used.

BENEFITS

- No need for nail form, rapid prototyping, convenient and fast, natural molding, smooth and easy to push.
- Painless extension, simple and fast, natural like real nails, the best choice for fast extension.
- Say goodbye to the cumbersome steps of traditional extension glue, simple and easy to operate.

TEMPERATURE CHANGING GEL

This is BLUESKY's fingertip magic trick with a simple change in temperature. Show off two colors in one – one light, one dark. Darker colors will be highlighted by the cold whereas warmer temperatures will bring out the lighter hues. You can switch between multiple shades throughout the day, without repainting your nails or changing anything at all. One for warm and one for cool. The nails are one color at room temperature, but the pigments will change color once they are put into slightly warmer water.

Available in both 10ml and 15ml bottles with 36 colors to choose from.

COLOR CHANGE

The color will change in different temperature, turn light in hot and turn dark in cold.

EMBOSS GEL

The BLUESKY Emboss Gel Series is a thick ropy gel with rich color.

Emboss Gel can create microscopic carving effects and can achieve the most sophisticated textures. It offers you the ability to add colorful and attractive decorations to your nail creations. Available in 8ml Jar with 12 colors to choose from.

THICK AND SILKY TEXTURE

The texture is viscous, the color is saturated, there is a slight floating glue, and there is a silky feeling.

MICRO THREE-DIMENSIONAL MODELING

Can be used for hook lines, micro three-dimensional cartoon characters, flower patterns, hollowing out and other relief shapes.

*Take a small amount of gel several times, make a layer of micro-carving, and then cure one layer. If you want to make a very three-dimensional effect, you can do it in 2 or 3 times to increase its three-dimensional effect. You can't take too much glue at one time. If it is too thick, it will not dry or wrinkle.

FOIL GEL

The BLUESKY Foil Gel is super easy for DIY and is suitable for novices. Use transfer glue to quickly complete the modeling creation with transfer paper, which is also suitable for novices; the transfer glue is strong, sticks to the hand after the lamp, and uses surface float to stick the pattern on the transfer paper, which needs to be reinforced. The glue reinforces the pattern to keep the color from falling off easily.

EASY TO APPLY

Use foil gel and transfer paper to quickly complete the shape creation. It is very suitable for beginners.

STRONG STICKINESS

It will be very sticky after lighting, use surface floating glue to stick to the pattern on the transfer paper. You need to use hard gel to reinforce the pattern, to keep the color and avoid falling off.

Attention: The pattern of the transfer paper is easy to fall off, so it is necessary to reinforce the pattern with hard gel.

ACID FREE PRIMER

BLUESKY Acid Free Primer is used before Base Coat and it can enhance its adhesion to the nail surface. No need to cure, it dries naturally by air. Great for all nail lovers. Available in 10ml and 15ml bottle.

BENEFITS

- Acid Free, low odor.
- Air Dry.
- Better Adhesion.
- No discolor or burnt skin.
- Easy to use.

NAIL CARE 01

CUTICLE OIL

BLUESKY Cuticle Oil is used after gel polish is applied and you have finished your manicure/ pedicure or removal process is completed. Absorbs quickly. Protects cuticles from dryness and offers nourishing moisture. Anytime your cuticles appear dry, you can apply cuticle oil to them.

Tip: Apply cuticle oil before bedtime and leave it on overnight so it can fully absorb into the cuticles. Available in 10ml and 15ml bottle.

BENEFITS

- Nourishes the skin on the finger edges and prevents chapped and dead skin.
- Improves dull and rough nails.
- Easily absorbed.

NAIL CARE 02

PH BOND

Removes the oil on the nail surface, balances the PH value of the nail surface, and makes the color effect of the primer last longer

- Uses before nail base coat, prepares the nail for strong adhesion.
- Absorbed fast, no UV/LED lamp required.
- Prevents nail art from lifting or breakage.
- Can be used with UV/LED gel nails, builder gel, acrylic powder, and dipping powder.
- Ideal for salon and home use.

LPH 01

CUTICLE REMOVER

The Cuticle Remover is a professional nail product: a true and proper treatment for nails, specific for the elimination of the cuticles in excess on the nail. The Cuticle remover is commonly used during Manicure, Pedicure, Nail reconstruction and application of Gel polish.

BENEFITS

- Exfoliating and essentially dissolving away dead skin.
- Effective softening.
- Added moisturizing ingredients.
- Easy to use.

BCR 01

CUTICLE OIL PEN

BLUESKY Cuticle Oil Pen is used after gel polish is applied and you have finished your manicure/ pedicure or removal process is completed. Absorbs quickly. Protects cuticles from dryness and offers nourishing moisture. The packaging of the pen is portable and makes the operation much easier.

BCP 01

BCP 03

BENEFITS

- Nourishes the skin on the finger edges and prevents chapped and dead skin.
- Improves dull and rough nails.
- Easily absorbed.
- Use daily for healthy and smooth nails
- Easy to carry with a brush that is soft and comfortable, used pressing on the skin surface.

NAIL BOOSTER

The Nail Booster was added Sweet Almond Oil, Jojoba Oil. Effectively moisturizes and strengthens nails and cuticles. Can harden the nail effectively.

BENEFITS

HARDEN AND MAKE THE NAIL BED THICKER

The product is rich in Hydrolyzed keratin which can regenerate damaged nail plate; in other words, harden and make the nail bed thicker. What is more, keratin prevents breakage and split nails, moisturizes and heals cuticles around nails, protects against damage and discoloring, improves the condition of yellowish nails.

DEEP MOISTURIZING

Added Sweet Almond Oil, Jojoba Oil. Effectively moisturizes and strengthens n and cuticles.

EASY TO ABSORB AND WITH A PLEASANT SCENT

With a gently massage, the product is absorbed into the nail bed. At the same time, a pleasant scent relaxes you.

BNB 01

HAND CREAM

BLUESKY hand cream is a high – viscosity product specifically designed to soften and moisturize dry and cracked hands.

Our Hand Cream is enriched with Jojoba Oil that has a similar molecular structure and composition to sebum; a substance that the body naturally produces to moisturize your skin. With this our hands feel instantly nourished.

Sodium hyaluronate is an extra important ingredient included in the BLUESKY Hand Cream that can help your skin look youthful and supple. Dry skin makes fine lines and creases more noticeably. But as sodium hyaluronate hydrates the skin, it eventually reduces the appearance of wrinkles.

BENEFITS

- Drives away dryness, retains moisture.
- Reduces appearance of wrinkles.
- Scented with a sweet and long-lasting fragrance.
