# Bracelet Size Guide

Measuring your wrist is the best way to determine your correct bracelet, bangle or cuff size.

Before using the ruler to find your fit, make sure this guide is printed on US Letter size paper (8.5 x 11") and scaled to 100%. To check the accuracy of your printout, position a credit card under the line below. The scale is correct if the credit card and line length match.

## Measure your wrist with our Crowned ruler

- Cut out the ruler
- Cut the horizontal dotted line dotted on the ruler below the Crowned logo
- Wrap the ruler around your wrist with the numbered side visible
- Slip the end through the horizontal opening and pull until the ruler is comfortably where you prefer it
- The number that lines up with the edge of the opening is your wrist size in inches
