**Anchors and accessories sold separately.**

### Long Reach Bighorn (1.9" Dual Post)

Ideal for wide gutter and parapet designs used in many competition pools. Accommodates an anchor setback of up to 40".

#### Platform Top

- ✓ 23" x 25" non-slip surface
- ✓ No exposed bolts/hardware
- ✓ Extremely low/minimal flex, deflection or wobble
- ✓ Front hand/toe grip for a faster take off
- ✓ Low Density Polyethylene material resistant to chemicals, UV inhibitors, no discoloration, no fading or cracking
- ✓ Standard color is white, available in five additional colors

#### Backstroke Bar

- ✓ 20" wide – proper width for competition

#### Access Step Treads

- ✓ 20" molded-in non-slip surface
- ✓ No exposed surface hardware
- ✓ Colors available

#### Gusset

- ✓ Stainless steel construction, passivated for ensuring high quality finish

### Bighorn (1.9" Dual Post)

The Bighorn accommodates anchor setbacks of 20" to 30".

**Same features as the Long Reach Bighorn**

**21095 Bighorn**

Weight: varies

All starting platforms available in 316 stainless steel material upon request.

### Dual Post Anchor Assembly

Designed for use with the Cougar and Bighorn model starting platforms. Fabricated of 304L stainless steel. Welded fixture design to allow for easy installation. Anchors are set exactly center to center to allow for ease of platform installation and removal. Anchors provided with bonding lug, caps and removal key.
