

It's all about TIME!!

**NEW!!
Products**

Spectrum introduces a new line of innovative starting blocks offering integrated solutions for competitive swimming and training.

SPECTRUM
Products

Fusion by Spectrum

The Fusion is an innovative combination of Spectrum starting block and CTS RJPL and accessories, as well as an adjustable Track Start footrest as **approved by FINA and USA Swimming**. Accommodates anchor setbacks of 18" to 36" with a 30" suggested setback.

Platform Top

- ✓ 32" x 24" non-slip surface platform top for extra-fast takeoffs
- ✓ Stainless steel top with superior non-slip material (black only)
- ✓ Stainless steel side handles enhance fast take-offs and speed

Anchor

- ✓ Grizzly/Growler single post anchor
- ✓ Patented anti-wobble, locator pinned design

Access Step

- ✓ Non-slip, side step only

Backstroke Handles

- ✓ 18" H bar design for versatility

Timing

- ✓ Built in RJPL calculates reaction time and relay exchanges
- ✓ Speedlights across the front of the RJPL flash simultaneously with the starting system horn and strobe light
- ✓ Lights give an additional signal to athletes and create a fairer start for hearing-impaired swimmers
- ✓ Connection plate under top provides easy, out of the way plug-ins of components for RJPL, Touchpad, Speedlights, individual lane start horn, and back-up buttons
