

# Swim-Lift® Gallatin WP400

## Stainless Steel Water Powered Assisted Access Lift

The Gallatin is designed to accommodate both in-ground pools and spas without customization. The Gallatin requires no more than 12" of total depth (deck to floor/bench) for proper installation. The standard unit will accommodate anchor locations of 18" to 30" from the pool wall.

### Lift Structure

- ✓ **ADA/ABA Compliant and Title 24: California Code of Regulations**
- ✓ **400 pound lifting capacity**
- ✓ Passivated stainless steel - no dissimilar metals
- ✓ Dual point anchor
- ✓ Large diameter cylinder and piston designed specifically to provide greater and quicker lifting capacity

### Headrest

- ✓ Adjustable padded headrest for full support

### Seat

- ✓ Large spacious seat designed for ease of transfer
- ✓ Excellent lumbar support
- ✓ Material will not disintegrate or crack over time

### Footrest

- ✓ Durable Low Density Polyethylene footrest with non-slip surface for safety and comfort
- ✓ Will not disintegrate or flake over time
- ✓ Swing out footrest allows for ease of transfer

### Arm Rest

- ✓ Non-slip grip for safety and comfort
- ✓ Pinchless flip-up outer arm

### Base Stand

- ✓ Heavy duty base design that provides high loading capacity with minimal deflection
- ✓ Adjustability up to 4" of deck slope
- ✓ Accommodates a wide range of gutter configurations
- ✓ Built in wheels for portability

The Gallatin, Lolo, Aspen and Traveler are designed to comply with ADA Accessibility Guidelines for Buildings and Facilities. Chapter 15.8, Sections 15.8.5.1-15.8.5.9 and Title 24 California Code of Regulations, Chapter 11B, 1104B.4.3 Participation Areas.

**In-ground pool and spa applications**

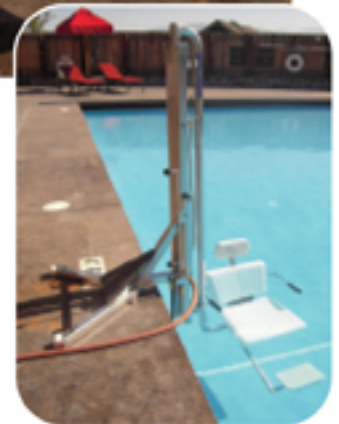

**ADA/ABA COMPLIANT**
