Grizzly Rear and Side Step

The most popular starting platform in the StartLine™ series, the Grizzly, a single-set anchor design employs all new engineering technology. Accommodates anchor setbacks of 18" to 36".

Platform Top

- ✓ **23" x 25" non-slip surface**
- ✓ **No exposed bolts/hardware**
- ✓ Extremely low/minimal flex, deflection or wobble
- ✓ Front hand/toe grip for a faster take off
- ✓ Low Density Polyethylene material resistant to chemicals, UV inhibitors, no discoloration, no fading or cracking
- ✓ Standard color is white, available in five additional colors

Backstroke Handles

- ✓ 18" H bar design for versatility

Access Step

- ✓ 10" x 8" molded-in non-slip surface
- ✓ No exposed surface hardware

Gusset

- ✓ Stainless steel construction, passivated for ensuring high quality finish

Growler Rear and Side Step

The Growler is a large platform ensuring the fastest legal starts for the serious competitor. Accommodates setbacks of 23" to 42".

32" x 25" non-slip surface platform top

Same features as the Grizzly

Grizzly/Growler Side Step

Grizzly/Growler Single Post Anchor

This unique patented anti-wobble and locator pinned design is superior to all other single-set type anchors - no known equal.

- ✓ **No tools required when installing or removing starting platform**
- ✓ Machined bronze - ensures extremely tight tolerances, won't warp or flex like thin walled imbeds, superior corrosion resistant
- ✓ Locating slot design - eliminates rotation, guarantees proper alignment of platform
- ✓ Includes stainless steel lid and removal tool
