Kit Contents

★There are 3 types of trays, so the kit may contain a different tray than that shown in the pictures or photographs.

Cup Spoon

Potato mix

Pizza crust mix

Cheese mix

Tomato sauce mix

Sausage mix

Topping

Grape soda mix

How to make a Pizza

- ●First wash your hands well.
- Ready a cup filled with water and microwave-safe plate which is approximately 15cm across.
- Open the sack and remove all of the contents. Lay the sack flat and enjoy making the pizza on it.
- •Use scissors to cut the tray apart as shown in the photograph.

Read through the instructions before beginning to make the pizza.

1 X Make the potatoes

Pour the potato mix into the ★tray, pour in 2 triangle cups of water and mix well. After the mixure holds together, put it in the potato mold and push it flat with your finger. Cook this in the microwave oven. After it has sufficiently cooled, turn upside down the mold to remove the potato on the potato sheet. Cut it along the lines with the spoon into 4 pieces.

★Guidelines for he	eating time based
on microwave ov	

	500W	600W
Potato	About 40 sec	About 30 sec
Pizza	About 60 sec	About 50 sec

★The heating time will vary depending on the oven model and heating conditions, so please make the proper adjustments.

2 Prepare to make the pizza

Make the pizza crust

Pour the pizza crust mix into the ★tray, pour in 4 triangle cups of water, and mix it by pressing it with the spoon. After the mixture holds together, knead it well with your palms until its surface becomes smooth.* Keep mixing it until it no longer sticks. If the mixure doesn't hold together well, add a little bit of water with the spoon. Divide the crust into 2 balls, place one of them on the size guide of the sheet, and flatten it out from the center until it is about 6 cm across. When both pizza crusts are ready, place them on the microwave-safe plate.

Make the cheese

Pour the cheese mix into the ∫tray, pour 1 triangle cup of water, and mix well. After it holds together, place it on the cutting board of the sheet.

Make the tomato sauce

How to measure the water using the triangle cup

Be careful not to put in too much water.

Place on

the edge.

Pour the tomato sauce mix into the J tray, pour in 2 triangle cups of water, and mix well.

Be careful where you place the potato mold and the plate

Prepare to make the sausages

Use the scissors to cut the sausage mix bag along cutting line(1)and then pour the mix into the ★tray. *Save the sausage mix bag as a pastry bag. Pour in 2 triangle cups of water, and mix well. Place the mixture into the sausage mix bag and fold the bag along dotted lines (2) and (3). Cut the edge of the bag a little bit with scissors.

3 Now put the toppings on the pizza

Cut the cheese into small pieces. Spread the tomato sauce onto the pizza crust. Squeeze out sausages and put the cheese on the top. Arrange the toppings as you like. Cook the pizza in the microwave oven.

Cook the pizza in the microwave oven.

*See accompanying table for the heating time. The cheese will melt. For the final step, put the topping on

Following the directions on the sheet, make the pizza box, potato sheet and drink cup.

Now to finish

Fill the cup with water up to 1cm below the top edge. Pour the grape soda mix and stir it well with the spoon. Place it next to the pizza and potato pieces and you are done!

XOnly one pizza will fit into the pizza box.
