Recipe

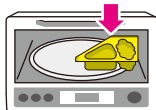

- Wipe the table clean and wash your hands before you start.
- Prepare a glass of water.
- After using the spoon, wipe it with tissue paper!

Kit contents

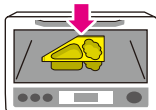

Open the bag and empty out all the contents.
Read the instructions before starting.

Put the tray in the correct place.

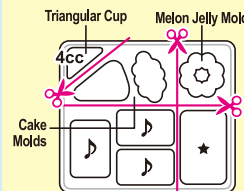

Microwave oven
with a turntable
Place on the edge.

Microwave oven
without a turntable
in the middle.

If an error is displayed in the weight sensor,
place them on a heat-resistant plate.

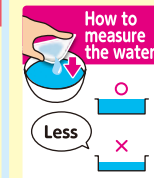

1 Use scissors to make three cuts in the tray!

Put the desserts on the
Desserts Party Sheet
as you make them.

2 Make the melon jelly!

Fill the melon jelly mold with **two cups** of water. Add the Melon Jelly Mix and stir well. Don't forget to fill the heart shapes as well!

3 Make three types of jelly fruit!

Fill tray with **one cup** of water. Add the Mandarin Mix and stir well. Pour the mixture into the mandarin mold.

4 Make the whipped cream!

Place the piping bag in the tray marked ★, folding down the top to create a wide opening. Fill the bag with **two cups** of water and the Whipped Cream Mix and stir well.

Twist the top of the piping bag. Before squeezing, make a small cut (2mm) in the bottom corner with scissors.

5 Make the sponge cake!

Pour **two cups** of water into the tray marked ★, add the Sponge Cake Mix and stir well.

Pour the dough into the two cake molds **up to the line**.

Tap the bottom of the tray **10 times** on a flat surface to remove any air and then heat in the microwave.

The tray will be hot, so remember to hold it by the **edges** as shown in the picture. Let it cool.

Let's Decorate the Tarts!

How to Make the Tarts

Pipe cream onto the biscuits and decorate the top with fruit.

Let's Decorate the Cakes!

How to Make Strawberry Shortcake

Layer the sponge, cream and strawberries.

Guidelines for heating time based on microwave oven wattage

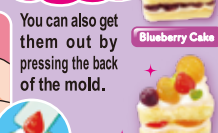

500w	600w
about 40 sec.	about 30 sec.

The heating time will vary depending on the oven model and heating conditions, so please make the proper adjustments.

※The tray is hot after heating in the microwave oven, so be careful.

Trick for removing shapes from molds

Kracie Foods, Ltd.

It is difficult for young children to use a microwave. Ask your parents to help.

●If the aluminum bag of the product is heated in a microwave, it may create sparks or catch on fire.

! Please do not use mineral water which has high levels of calcium (hard water), because it might be unable to mix well with the powders.
