

UNOWN

FULLSTACK ENGINEER AT UNOWN-FASHION.COM

Who are we

UNOWN is a fashion tech & impact startup that provides fashion-as-a-service. Our leasing service gives customers access to fashion from sustainable brands for 1-4 months at a time. For our customers this means a more responsible way of enjoying fashion without sacrificing variety and change in their wardrobes. Say bye to fast fashion!

We are a small team that is dedicated to changing the fashion industry one lease at a time. We want to grow our business quickly and in a healthy way. We are investor-backed.

UNOWN was founded by Linda Ahrens & Tina Spießmacher in 2019. We are based in Hamburg & Berlin.

Key facts about the job

- Part- or full-time (let's talk about what would work for you and us)
- Location: Berlin or Hamburg
- Start: February or March 2020

Your activities

UNOWN is a young start-up with plenty of jobs that need to be done. There's always something to improve or to develop, and every one of us is motivated to get the job done. As developer your main responsibilities include:

- Develop high-quality, test-driven software and actively shape architecture
- Document software for every one to work with
- Define strategic direction of future tech roadmap
- Work in close collaboration with our UX/UI team to improve user experience
- Professional leadership and management of junior developers
- Facilitation of internal workshops

Your profile

- You have profound experience in JavaScript and React for the development of web applications and their integration with backend APIs using node.js
- Experience with React Native and mobile development is a plus
- You have experience in writing automated tests for applications
- You have experience with relational databases
- You gained knowledge on how to design data models
- Your world is the development of human-centric digital products, you work in sync with UX
- You know your way around web and data security and know how to address potential weak spots
- You're a driven and proactive doer and you find solutions, not problems
- You have a (strong) interest in lifestyle products, the impact economy and sustainability
- You're fluent in English
- It's a plus if you've worked in the startup environment

What we offer

- A flexible and people-centric startup life on a dynamic startup campus
- Responsibility and creative freedom to shape a product in its early stage
- Fast decision-making processes and varied tasks
- Work with purpose-driven founders
- Learning and networking events in the startup world
- Discounts on UNOWN portfolio
- Flexible working hours

Interested? Awesome!**We are looking forward to hearing from you!**

Please send your application to jobs@unown-fashion.com and don't forget to include your portfolio / examples from your previous work, your CV and why you want to work with us.
