OUR RETURNS POLICY

We accept that, at times, you will need to return an item that you've ordered, either for a refund or exchange.

We're happy to exchange or refund **providing the following conditions are met:**

1. The item is in perfect condition, complete with its original packaging and this packaging is undamaged.
2. You return the item within 30 days (for UK orders) or 45 days (for International orders) of having received it.
3. You enclose this completed returns form, giving a reason why your item is being returned

IMPORTANT

- If the item you're returning to us does not meet all the conditions above, we will not give you a refund. Furthermore, we may have to send your item back to you, for which we'll charge you the cost of postage.
- Your return is your responsibility until it reaches our warehouse. So do ensure it's packed up properly and can't get damaged on the way. To avoid loss, you may wish to use a tracking service for your return.
- For UK customers, we do not charge packing and postage for delivery of a first exchange. However, we do ask for payment of the packing and postage cost for subsequent exchanges. This charge will vary according to the value and weight of your item(s).
- For International customers, we do not provide free delivery on any exchanges. As such, we will ask for payment of the package and postage cost for any exchanges. This charge will vary according to the value and weight of your item(s).
- If you're returning an item to us that's damaged, faulty or not the correct item then we will refund the cost of your return postage up to the value of £4.95. If your faulty item is likely to cost more than this to return then please contact us so we can make arrangements to collect the item from you.
- For a refund, you should expect to receive payment into your account within 14 working days of us receiving them.
- If a return is received by us after 30 days of you receiving it, we'll give you the choice of a gift card or exchange to the last known value of the returned item.
- At certain times of year (e.g. Christmas), the return period set out in our Refund Policy may be amended to allow you more time for exchanges & returns, for example if you are buying a gift. If you are buying a gift at any other time of the year then we are willing to extend our returns policy. However, you will need to agree this with us beforehand so contact us before placing your order so we can note that your returns period has been extended.

Non-returnable and non-refundable items

Some items, such as riding hats, body protectors and underwear, are non-returnable and non-refundable. This is for health & safety and hygiene reasons. We specify on such products on our website that they're non-returnable & non-refundable so you know before you place your order.

Riding hats. A riding hat is an important piece of safety equipment. Because of this, we expect you to have already been fitted by a qualified hat fitter and to know your size. Furthermore, a hat that has been dropped should not be worn again, even if there appears to be no damage to the hat. For this reason, all riding hats on our website are non-returnable and non-refundable.

Body protectors. A body protector is an important piece of safety equipment. Because of this, we expect you to have already been fitted by a qualified fitter and to know your size. For this reason, all body protectors on our website are non-returnable and non-refundable.

Underwear. For hygiene reasons, all underwear on our website is non-returnable and non-refundable.
