# VISION

## cocod'or

We study fragrance. We capture fragrance. We preserve fragrance to bring a smile to your face. Fragrance that stays by your side, cocod'or will become one of your warm and cherished memories.

Since 2002, cocod'or has been continuously taking on new challenges to pioneer Korea's fragrance market.

We have studied fragrance for 17 years to fill your everyday life with sweet and rich scents. As a global brand, cocod'or creates user-focused products that are moderately priced to ensure enjoyment by all, and exports them to over 20 countries.

Cocod'or products are used to deliver happiness and contribute to society through fragrance. We create the fragrances of life by building wells in Africa and volunteer to help the elderly and the neglected through fragrance. Cocod'or will continue placing fragrantly scented candles in all corners of the society.

Cocod'or will never stop striving to become a reliable brand and to present more fragrant diffusers to a greater number of people.
