So tell me the story of how you and Katherine first met. 00:00:16

Andrew

Yeah I met Kathryn at graduate inner varsity Christian Fellowship. It's a graduate group at University of Illinois and we were both looking for Christian friends. She was one of the organizers of the events there and she was also the greeter. So she greeted me and then I married her. But there was a few years in between there. But I was taken by her right away. I just really sensed that she was serious about her faith and she was also she's had a deep care for other people. 00:00:21

Andrew

Tell me what she's like and what? 00:01:00

Interviewer

What, what drew you to her. 00:01:02

Andrew

What drew me to her. OK. Yeah so Katherine is obviously super intelligent. She's very capable. She's a very strong intellectual person. But what drew me to her was really her humility and her, deep care for other people finding friends connecting with them. People who didn't have friends and are in our circles. She would reach out to them. And I noticed that. I noticed that she really cared for people in a serious sincere way and so I think that's what drew me to her most. 00:01:04
