

Unleashed-鹤天赐
by Nat Ho

They said they saw the future
Said to me that they had plans
All it took was just one second
And the stage began to dance
But in one move
The whole wide world came crashin' down
And the light came shinin' through
Inside you know the future
Only can depend on you
Fight or flight is what you make of
Every tickin' of the clock
All eyes on you
When the music begins to play
Listen up, I'm your DJ
Get your game on
Tear away your chains
Party like Armageddon
I'm doing what I want
Send 'em haters to the gators
No more boy-next-door
Show 'em what yer made 'a
This air I breathe has
Got me unleashed
Tear away your chains
Party like Armageddon
I'm doing what I want
Send 'em haters to the gators
No more boy-next-door
Show 'em what yer made 'a
This air I breathe has
Got me unleashed
Even though the mouth is silent
Doesn't mean the brain is dead
Must'a left the head and heartbeat
Cryin' out while they were bled
But in one move
The whole wide world came crashin' down

And the light came shinin' through
Inside your head there is a
Voice that calls out to your heart
Day by day, keeps gettin' louder
Till you just can't shut it up
All eyes on you
When the music begins to play
Listen up, I'm your DJ
Get your game on
Tear away your chains
Party like Armageddon
I'm doing what I want
Send 'em haters to the gators
No more boy-next-door
Show 'em what yer made 'a
This air I breathe has
Got me unleashed
Tear away your chains
Party like Armageddon
I'm doing what I want
Send 'em haters to the gators
No more boy-next-door
Show 'em what yer made 'a
This air I breathe has
Got me unleashed
I wanna get me unleashed
You wanna get me unleashed
C'mon get me unleashed
Come get me unleashed
I wanna get me unleashed
You wanna get me unleashed
C'mon get me unleashed
Got me unleashed
No more chains
Party like Armageddon
I'm doing what I want
Send 'em haters to the gators
No more boy-next-door
Show 'em what yer made 'a
This air I breathe has

Got Me Unleashed
(Tear away your chains)
Party like Armageddon (It's time to party)
I'm doing what I want (And do what I want)
Send 'em haters to the gators
No more boy-next-door
Show 'em what yer made 'a (Oh Show 'em what you made of)
This air I breathe has
Got Me Unleashed (Got me unleashed)
I wanna get me unleashed
You wanna get me unleashed
C'mon get me unleashed
I wanna get me unleashed
You wanna get me unleashed
C'mon get me unleashed
Got me unleashed
