

Valley Boys

So I ran those valley boys
and I stayed out all night long
and I ran those boys
and I took what came along

but I will miss her touch and her kiss
and I will miss the touch of their fists

so how low can you go
my heart is an endless hole
and the books they read was the ones I said,

and I ran those valley boys
and I stayed out all night long
but I didn't know how to act
cause i'm a boy from the middle class

but I will miss her touch and her kiss
and I will miss the touch of their fists

so how low can you go
my heart is an endless hole
and the books they read was the ones I said

but I will miss her touch and her kiss
and I will miss the touch of their fists

so how low can you go
my heart is an endless hole
and the books they read was the ones I said.
