Parts needed for assembly using method #503

- Standard a-frame
- Standard AG10 core
- Blocking (supplied by contractor)

Disclaimer:
This step by step layout is one of the many ways someone can install their custom grille using method #503.
Step 1:
Anchor the blockings into the opening, using nails, screws or construction adhesive.
Step 2: Blockings are placed inside the opening.
Step 3:
Place the a-frame on the blockings.
Step 4:
A-frame placed on the blockings.
Step 5:
Place the core on the a-frame.
Step 4:
Core placed on the a-frame flush with top of opening.
(Core can be loose or welded to a-frame.)
Installation complete.
