
Harbour Lights Lighthouse Collectibles

The Harbour Lights Lighthouse collections are exclusive and feature award winning hand painted and numbered lighthouse sculptures. They are authentic replicas of some of the oldest and most famous lighthouses. Our thanks to Island resident Catherine Clowers for generously donating this collection to The Whale Museum for fund raising efforts. All of the available lighthouses and collections are listed below (we only have one of each item listed). The items are in their original boxes and packaging material with a certificate of authenticity. The listed price does not include tax or shipping.
