

## Table of Contents by Section

### Geography and Geology of the San Juan Islands

I. Geography of the San Juan Islands	1
II. Weather and Climate of the San Juan Islands	4
III. Glaciation	5
IV. Oceanography of the San Juan Islands	8
V. Geology	9
VI. The Geologic Future of Cascadia	17
Appendix A - Basic Physical Geography and Geology Concepts	20

### Common Plants of the San Juan Islands

I. Introduction	1
II. Habitats of the San Juan Islands	1
Shoreline Habitat	1
Prairies	3
Rocky Areas	4
Damp Places, Wetlands, Ponds and Lakes	5
Forests	6
Roadsides and Other Disturbed Land	10
III. Conclusion	10

### Natural History of Terrestrial and Marine Birds of the San Juan Islands

I. Introduction	1
II. The Unique Setting for Birds - The San Juan Islands	1
III. How to Look At and Think About Birds	4
IV. Learning Terrestrial and Marine Birds	7
V. Conclusion	11

### Natural History of Terrestrial Mammals of the San Juan Islands

I. Introduction	1
II. Which Terrestrial Mammals Live Here?	2
III. Conclusion	12

### Life on Rocky Shores

I. Some General Habitats Found on Rocky Shores	1
II. Some Common Intertidal Species in Our Region, and the Tide Levels at Which They Are Most Likely to Be Found	2
Zone 1	3
Zone 2	4
Zone 3	5
Zone 4	8
III. Epilogue	11

**Fishes of the Northwest Straits**

I. Overview	1
II. Important Local Families of Fishes	3
III. The Problem with Being Popular	8

**Marine Mammals of the Salish Sea**

I. The Salish Sea	1
II. What Is a Mammal?	2
III. Development of the Whale	2
IV. Adapting to the Sea - Life as a Whale	4
V. Common Marine Mammals of the Salish Sea: Classification & Species Accounts	7
VI. Resources / Additional Reading	19

**Additional Reading**

I. Environmental Education	1
II. General Ecology	1
III. Geology and Geography	2
IV. Plants	2
V. Birds	3
VI. Animals	4
VII. Marine Study (Intertidal, Fishes and Marine Mammals)	5
VIII. Freshwater	7
IX. Insects	7
X. Nature and Art	8
