

Lipid-X[®]

Complexed Dietary Fats

Ingested fats are enzymatically digested and complexed (bound up) in the presence of **Lipid-X[®]**.

In a double-blind, cross-over study, individuals using **Lipid-X[®]**, on average had a 28% increase in the amount of fat excreted.

Although individual metabolic reactions will vary the amount of fat complexed, laboratory experiments have shown that one **Lipid-X[®]** tablet can complex in excess of twenty grams of dietary fat.

Lipid-X[®] is a unique dietary supplement. Each tablet supplies 200 mg of magnesium combined with a specially prepared, biologically active vegetable culture providing a natural source of polyphenols and active plant enzymes, including 50 mcg each of superoxide dismutase and catalase.

To place your order for **Lipid-X[®]** or for additional information please contact us below.

Lipid-X[®] is available in 60-count (#7710) bottles.

Supplement Facts

Serving Size: 1 Tablet

	Amount Per Serving	% Daily Value
Magnesium (as magnesium oxide and citrate)	200 mg	50%
Superoxide Dismutase (from vegetable culture †)	50 mcg	*
Catalase (from vegetable culture †)	50 mcg	*

* Daily Value not established

Other ingredients: Stearic acid (vegetable source), cellulose, calcium carbonate, magnesium stearate (vegetable source) and modified cellulose gum.

† Specially grown, biologically active vegetable culture containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

This product is gluten and dairy free.

RECOMMENDATION: One (1) tablet with each fat-containing meal as a dietary supplement or as otherwise directed by a healthcare professional.

KEEP OUT OF REACH OF CHILDREN

Store in a cool, dry area.
Sealed with an imprinted safety seal for your protection.
