Vue tunnel Gas Fire

By PAUL AGNEW | DESIGNS[®]

Vue tunnel

Exclusively brought to Living Fire by Paul Agnew Designs.

The unique Vue Tunnel gas fire is the ideal addition for a plethora of design and heating needs.

Capturing the essence of open plan living, this cutting-edge design is the perfect element to divide yet embrace diverse living spaces.

With technology brought exclusively to Living Fire from Europe, the innovation behind the heat output allows for efficiency in your home.

This multifaceted heat experience enables warmth from both sides, enabling this piece to connect and also redefine alfresco areas, in conjunction to exploring new avenues of contemporary design.
