## sixteen fifty electric fire

Complete your living space with the Ilekto 1650.

With single-sided, double-sided and triple-sided glass layout options included in every professionally-packed Ilekto fireplace kit, this range offers you the flexibility to express your style and create the perfect focal point for your room.

The display can be used with or without distributing heat, allowing you to create firelight ambience even on a warm summer's evening.

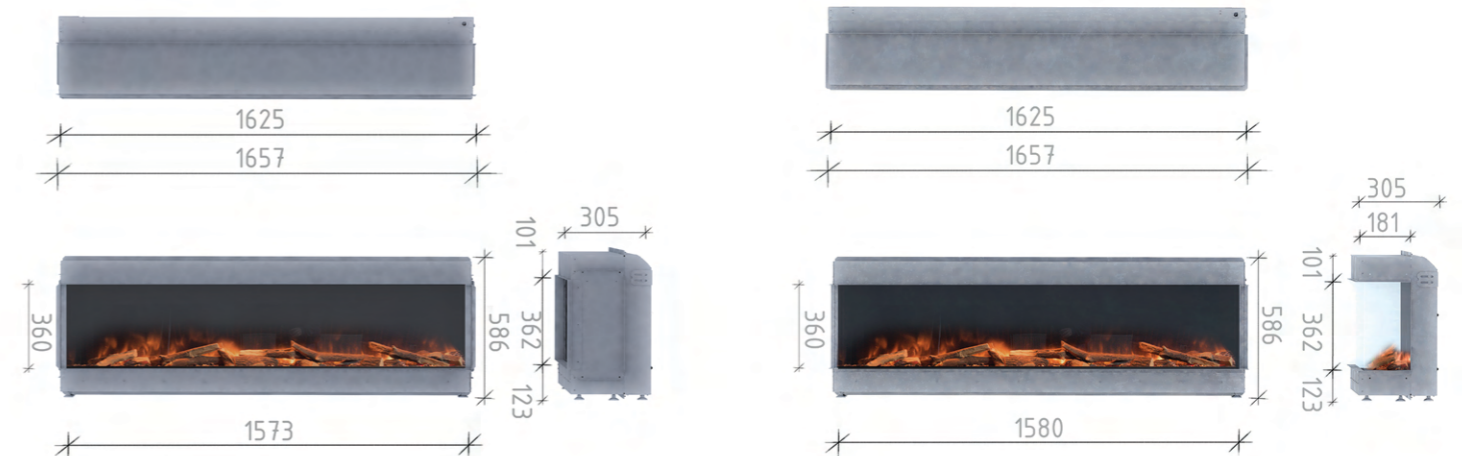

## Features

- Simple and hassle-free installation – no flue required
- Duoflame Multi Flame colour technology with 7 settings
- Adaptive heating technology – 0-2000W output
- Patented even heat distribution technology built into all models
- Energy-saving LED Multi Flame technology
- Use of flame effect with or without heat
- Full-screen display with realistic flame patterns
- Underbed mood lighting with 7 settings
- Choose from 28 Aspect and Landscape models
- Front, left-hand, right-hand and bay orientated options for all models
- All four orientation options professionally packed into one box
- Clear-vision, low-reflection front glass
- Unique side glass reflection
- RF touchpad remote control with colour screen display
- 7-day programmable timer with room thermostat
- 240V/10A standard electric plug fitting
