

# IHS Type 3000 Air Heater

(With Electronics)

Industrial Heat Sources

*The Type 3000 high-performance air heater provides a consistent and uniform air flow output. Designed with a infinitely adjustable temperature range between ambient and 1202°F, the Type 3000 process heater is ideal for a variety of applications!*

## Features

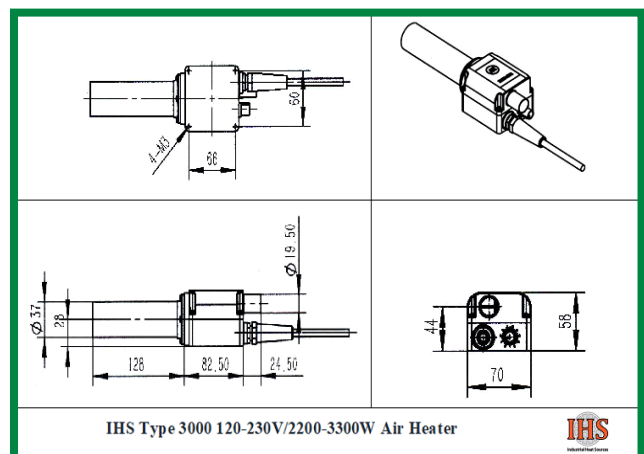

- Voltage: 120V & 230V (Single Phase)
- Frequency: 50/60 Hz
- Power: 2.2kW & 3.3kW
- Maximum Temperature: 650 °C / 1202 °F
- Size: (L x W x H): 238 mm x 70 mm x 58 mm
- Diameter of Heater Stainless Steel Tube:  $\Phi$  22 mm
- Minimum Air Supply: 300 L/min – 11 CFM
- Inlet:  $\Phi$  19.5 mm
- Total Weight: 500 g

## Applications

- Adhesive Activation
- Air Scrubbing
- Air Knives
- Curing
- Drying
- Shrinking
- Sterilization
- Staking

## \* Order Numbers:

- IHS-101.436; 120V/2.2kW
- IHS-101.426; 230V/3.3kW

## Accessories

<p>Wide Slot Nozzle 75 x 12 mm</p>  <p>Order No. IHS-107.261</p>	<p>Wide Slot Nozzle 100 x 4 mm</p>  <p>Order No. IHS-108.078</p>	<p>Wide Slot Nozzle 150 x 4 mm</p>  <p>Order No. IHS-105.982</p>	<p>Replacement 120V- 2.2kW Heating Element</p>  <p>Order No. IHS-101.419</p>	<p>Replacement 230V- 3.3kW Heating Element</p>  <p>Order No. IHS-101.365</p>
