**SENSI**®

## MONTE CARLO ice

4510 — (5/6) (7) (8) (9) (10)

4510-BLUE

Recovery, thong style sandal NOW WITH BUMPS • Patented, built-in drainage system for water/sand/soap • Circulates air underfoot, keeping feet & and dry • Flexible, airy strap • Shock absorbing toe post • Slip-resistant, non-marking sole

4510-SMOKE

4510-WHITE

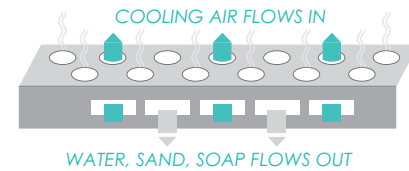

4510-BLUE

Since 1962, the Sensi Family has crafted the most unique, waterproof sandals in the world. Each pair are hand-assembled in their manufacturing facility in Assisi, Italy.

**Recovery bubbles, contoured footbeds & toe grips** comfortably support arch & heel — keeping feet securely in place. Massaging bubbles (Spa Collection) apply pressure to certain areas of the foot, stimulating Reflexology, increasing blood circulation, which helps promote relaxation & a healthier body.

**Non-marking, skid-resistant and shock absorbing soles** protect feet from hot sand, hard tile, rough concrete & surface bacteria, while providing stability on wet or dry surfaces ... perfect for Spa Environments.

**A patented, built-in aeration and drainage system** allows air, water, sand & soap to pass through the perforated footbed and out the side ports in the sole. Air circulates in from underfoot, with this unique, ventilation technology, keeping feet clean, cool & dry. Moisture build-up, mold & bacteria are completely alleviated, resulting in comfortable, healthy, dry & odor-free feet.

**Soft, flexible straps & soles** move with you, allowing them to conform to your feet.

**Great, new colors** are permanent & will not mark or fade! Sensis last 3 - 5 years longer than any other spa sandal on the market today!

**Sensi Sandals are 100% waterproof** & easy to clean. They are even machine washable ... just shake off excess water & let them air dry.

5200-SMOKE

**“ I bought my first pair 7 years ago.**

With very narrow feet, I was delighted to at last have a comfortable sandal. I wear them with jeans and slacks until the winter weather sets in because they are really a comfortable walking shoe. I have 4 colors, Smoke is my favorite, but the black ones are somewhat dressy and work well with black jeans and slacks.

**These are the only sandals I've worn since I was a child.** I have tried others, but nothing compares ... they are the most comfortable sandals in the world. I want nothing else!

**SENSI**<sup>®</sup>  
MADE IN ITALY SINCE 1962

Sandals with a unique, aerated footbed!

100%  
WATERPROOF

**“** I have been wearing these for many years. The thing that I like about them, which is unique, is the footbed. It is perforated, with lots of little holes. That allows water (from the pool, or sweaty foot) to drain or evaporate away. Excellent for those who (like me) have sweaty feet.

# CAPRI CLASSIC<sup>SPA</sup>

4600 — (5/6) (7) (8) (9) (10)

4600-PETAL

Functional, slide sandal with a patented, built-in, water/sand/soap drainage system which circulates the air underfoot, keeping feet cool and dry. The Capri also offers arch support and a flexible, airy, mesh strap on a slip-resistant, non-marking sole. Perfect for shower, dorm, pool, beach and spa environments. (No Bubbles)

**SIZING:**

All Sensi styles are designed using unisex footbed molds. \*Sizing is European, which is slightly smaller than US sizing, so please refer to our size chart before placing your order.

**GUARANTEE:**

We proudly honor and guarantee our Sensi Sandals for 3 years from the date of purchase.

**SANITIZE:**

Our sandals are 100% waterproof and are non-absorbing, maintaining an anti-microbial surface. They are easily sanitized and are machine washable. We recommend soaking in Blue Skies Disinfectant Cleaner. Then, simply air dry.
