

CASTORS D5(01)
Assembly Instructions

COMPONENTS PER SET

Castors complete with fixing nut	4
Fixing Brackets	4
3/8" Square Head Nuts & Bolts	8

1. Please check the components.
2. Slide bolts down the inside left channel in the leg.
3. Always locate the Fixing Bracket to the inside left of the staging leg, placing the fixing bracket over bolts and ensure the bracket is tucked under base of the leg, at the side (Position A).
4. Attach nuts and tighten with a spanner.
5. Locate castor stem through large hole in the base of the fixing bracket and attach using a fixing nut.
