

Ergo Kit Raised bed extension set

Installation Instruction

- For extending the raised bed by 55 cm
- Ergonomic work at a comfortable height
- Flexible in design height and length
- Multifunction (e.g. composter)
- Decorative surface with wood texture

TIP!

Depending on the filling of the ERGO raised bed we recommend to stabilize the raised bed in addition to cope with the earth pressure. You can use standard wooden pallets which are made of weather resistant and rot-proof wood.
