

# Two West's and Elliott Super Cloche Clip (P9)

## Components per Clip

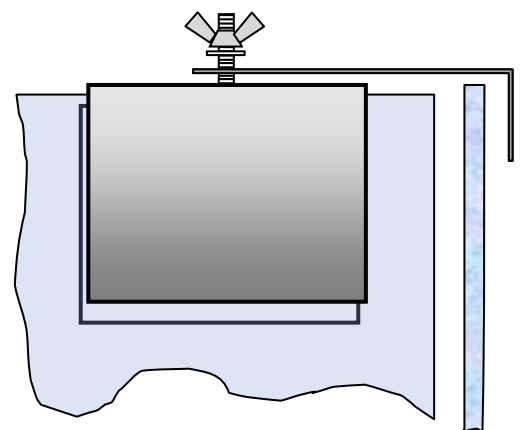

A. Clip Cap	x1
B. Inner Spacer	x1
C. Retaining Clip	x1
Bolt, Nut	x1
Washer	x2

Assemble each bracket in the order as shown with the wing nut loose to the top of the bolt.  
Note that the Clip Cap is slightly larger than the Inner Spacer.

Fully insert your preferred glazing to the underside the clip cap.

Once located, tighten the wing nut to draw up the inner spacer to grip the glazing.

The above image shows the position of the retaining clip holding an end panel.
