Knitting Needles: US 50 25 mm straight or circular, at least 24" long

PATTERN

FOR BEST RESULTS KNIT LOOSELY

Gauge: 10 stitches/15 inches 38 cm

Pull yarn out from the middle

Cast on 26 stitches

Row 1 K2, *P2, K2; rep from * to end (repeat for all odd numbered rows)

Row 2 P2, *K2, P2; rep from * to end (repeat for all even numbered rows)

Cast off

Tip: To connect yarn from two skeins just tie the ends together and then weave them in. To connect seamlessly – use felting needle to felt two ends together – refer to our video tutorial.

Tip: One skein will make 1120 square inches / 7171 square cm. To make a different size, calculate the area of finished garment (width times length in inches) and divide that number by 1120 if measuring in inches or 7171 if measuring in cm. This will give you the number of skeins required to make your desired size
