OTC/DTC INFECTIOUS DISEASE DIAGNOSTICS

Strategies and Trends for Over the Counter and Direct To Consumer. Forecasts by Application by Channel by Country. With Market Analysis, Executive Guides, and Market Opportunity Analysis

2023 to 2027

Howe Sound Research is a market research and consulting company based in Vancouver, British Columbia, Canada. In our spare time we like to sail in a large body of water nearby called Howe Sound. We publish market research reports that address scientific industries with an emphasis on Biotechnology and Clinical Diagnostic markets. We consider ourselves experts in these areas.

We approach market research differently than other companies. At any one time we have a limited number of reports and we update them frequently, sometimes several times a year. Our reports are prepared by people who understand the industry and have worked and studied in the area. This contrasts with the many research mills who produce canned reports on the Handbag market one day and the XRay market the next.
