Industville Limited is a rapidly expanding company specialising in the manufacture of unique industrial vintage reproduction lighting and furniture.

4

Industville specialises in the design and manufacture of vintage industrial inspired lighting and furniture. They pride themselves on offering high quality, design led products, available in large numbers without the high cost and time-constraints of searching for originals.

All Industville's products are designed in house, by a team of experienced designers and architectural specialists in the UK with all pieces exclusively manufactured for them in their dedicated factory.

All their products are made from the highest quality materials and individually hand finished ensuring that they retain an authentic and individual quality that holds true to the ethos and feel, unique to vintage fixtures.

As a result, Industville have worked with a variety of distinguished retail, leisure and hospitality companies such as Jury's Inn, Jamie Oliver's Restaurants, Pizza Express, Ask Italian, Zizzi, Las Iguanas, Costa Coffee, Caffé Nero, SuperDry and Lush in addition to smaller scale interior projects and retail customers.

Showroom

Industville's custom built showroom is conveniently located in Charlton, South East London. The Industville showroom exhibits their exclusive range of unique, vintage inspired lighting, furniture, accessories and light bulbs.

The showroom offers a unique opportunity to gain a tactile understanding of Industville's collection of products and explore the huge variety of options available.

6

Location

With a free car park and close public transport links, we are ideally situated to cater to clients from within London and further afield.

We are open to clients:

Monday - Friday - 9.30am - 4.30pm

Showroom on Friday by appointment only.

Ways to Shop

Online

With safe, secure online ordering, same day (in London) and next day (rest of the UK) dispatch and free delivery on all orders over £49 (UK delivery only). Please visit www.industville.co.uk where all of Industville products can be ordered online.

7

By Phone

Call Industville on +44 (020) 7971 7871, Monday to Friday from 9am - 5.00pm.

You can also email sales@industville.co.uk

Free UK delivery for orders over £49 and worldwide delivery available.

In Person

All Industville products are displayed in their new custom built showroom. This enables customers to gain a hands on view of the entire Industville range. With a warehouse located onsite all items are available to take away on the day or to be dispatched on a 1-2 day delivery service within the UK.

Pendants

8

Industville's range of pendant light fittings have been designed to emphasise the sharp lines, exposed hardware and raw sophistication indicative of the industrial style.

Industville endeavour to offer a variety of lighting solutions that enable their clients to create their own unique fitting to perfectly compliment their individual style.

Specifications

- Industville meet all UK and EU lighting and safety regulations.
- E27 lamp-holders are fitted as standard.
- All pendants are supplied complete with fitting – this includes bulb holder, ceiling rose and 1m/39" of high quality black fabric flex (shade only option is available).
- Dimensions include any shades supplied complete with fitting.

Please note: all Industville products are hand finished to ensure an authentic vintage look and therefore may vary slightly from those shown in the images.

Flush Mounts

90

Industville's growing selection of flush mount light fittings have two sources of inspiration. Their initial collection was inspired by twentieth century farm lighting and have been designed to evoke the industrial, functional style associated with these environments.

Their second and most recent addition looks to their ever-popular Brooklyn range, utilising their classic industrial styling and

innovative component design to offer a fully comprehensive range of flush mounted lights that can be altered to fit with any interior scheme.

Flush mounted fittings are perfect for interiors with lower-ceilings or less hanging space, as they create the same effect and spread of light as any of their industrial pendants but with a reduced drop.

Wall Lights

134

All Industville's wall lights are original and unique. Inspired by factory and industrial lighting of the early-twentieth century, Industville have designed the range to offer space-saving solutions and bulb protection in addition to effective illumination for all manner of interior projects.

As with all Industville light fittings, they have made them as adaptable as possible with a variety of different finishes and accessories available. Enabling you to tailor any lighting fitting to your exact specification and create something completely unique.

Stools

190

Industville's range of industrial style vintage metal bar stools are inspired by original pieces found in bars, pubs and factories of the late nineteenth/early twentieth century.

The stools have been designed with this in mind and to showcase the raw elegance of their materials making them

an indispensable addition to any vintage and industrial inspired space.

Handcrafted by our skilled craftsmen, these stools are made with heavy cast iron to create the frame and are available with a choice of wood or leather seat options.

Turner	192
Tall Vintage	194
Cooper	196
Criss Cross	198

Specifications

- Hand-welded from solid iron.
- Available with two seat options, hand finished leather or wood.
- Options include adjustable and non-adjustable options.
- Beautiful colour variation between seats reflecting the unique nature of the materials used.

Please note: all Industville products are hand finished to ensure an authentic vintage look and therefore they may vary slightly from those shown in the images.

Accessories

200

Industville's extensive range of accessories takes components from its core Brooklyn collection and breaks them down into single units.

This gives their clients maximum flexibility when developing their own unique light fittings.

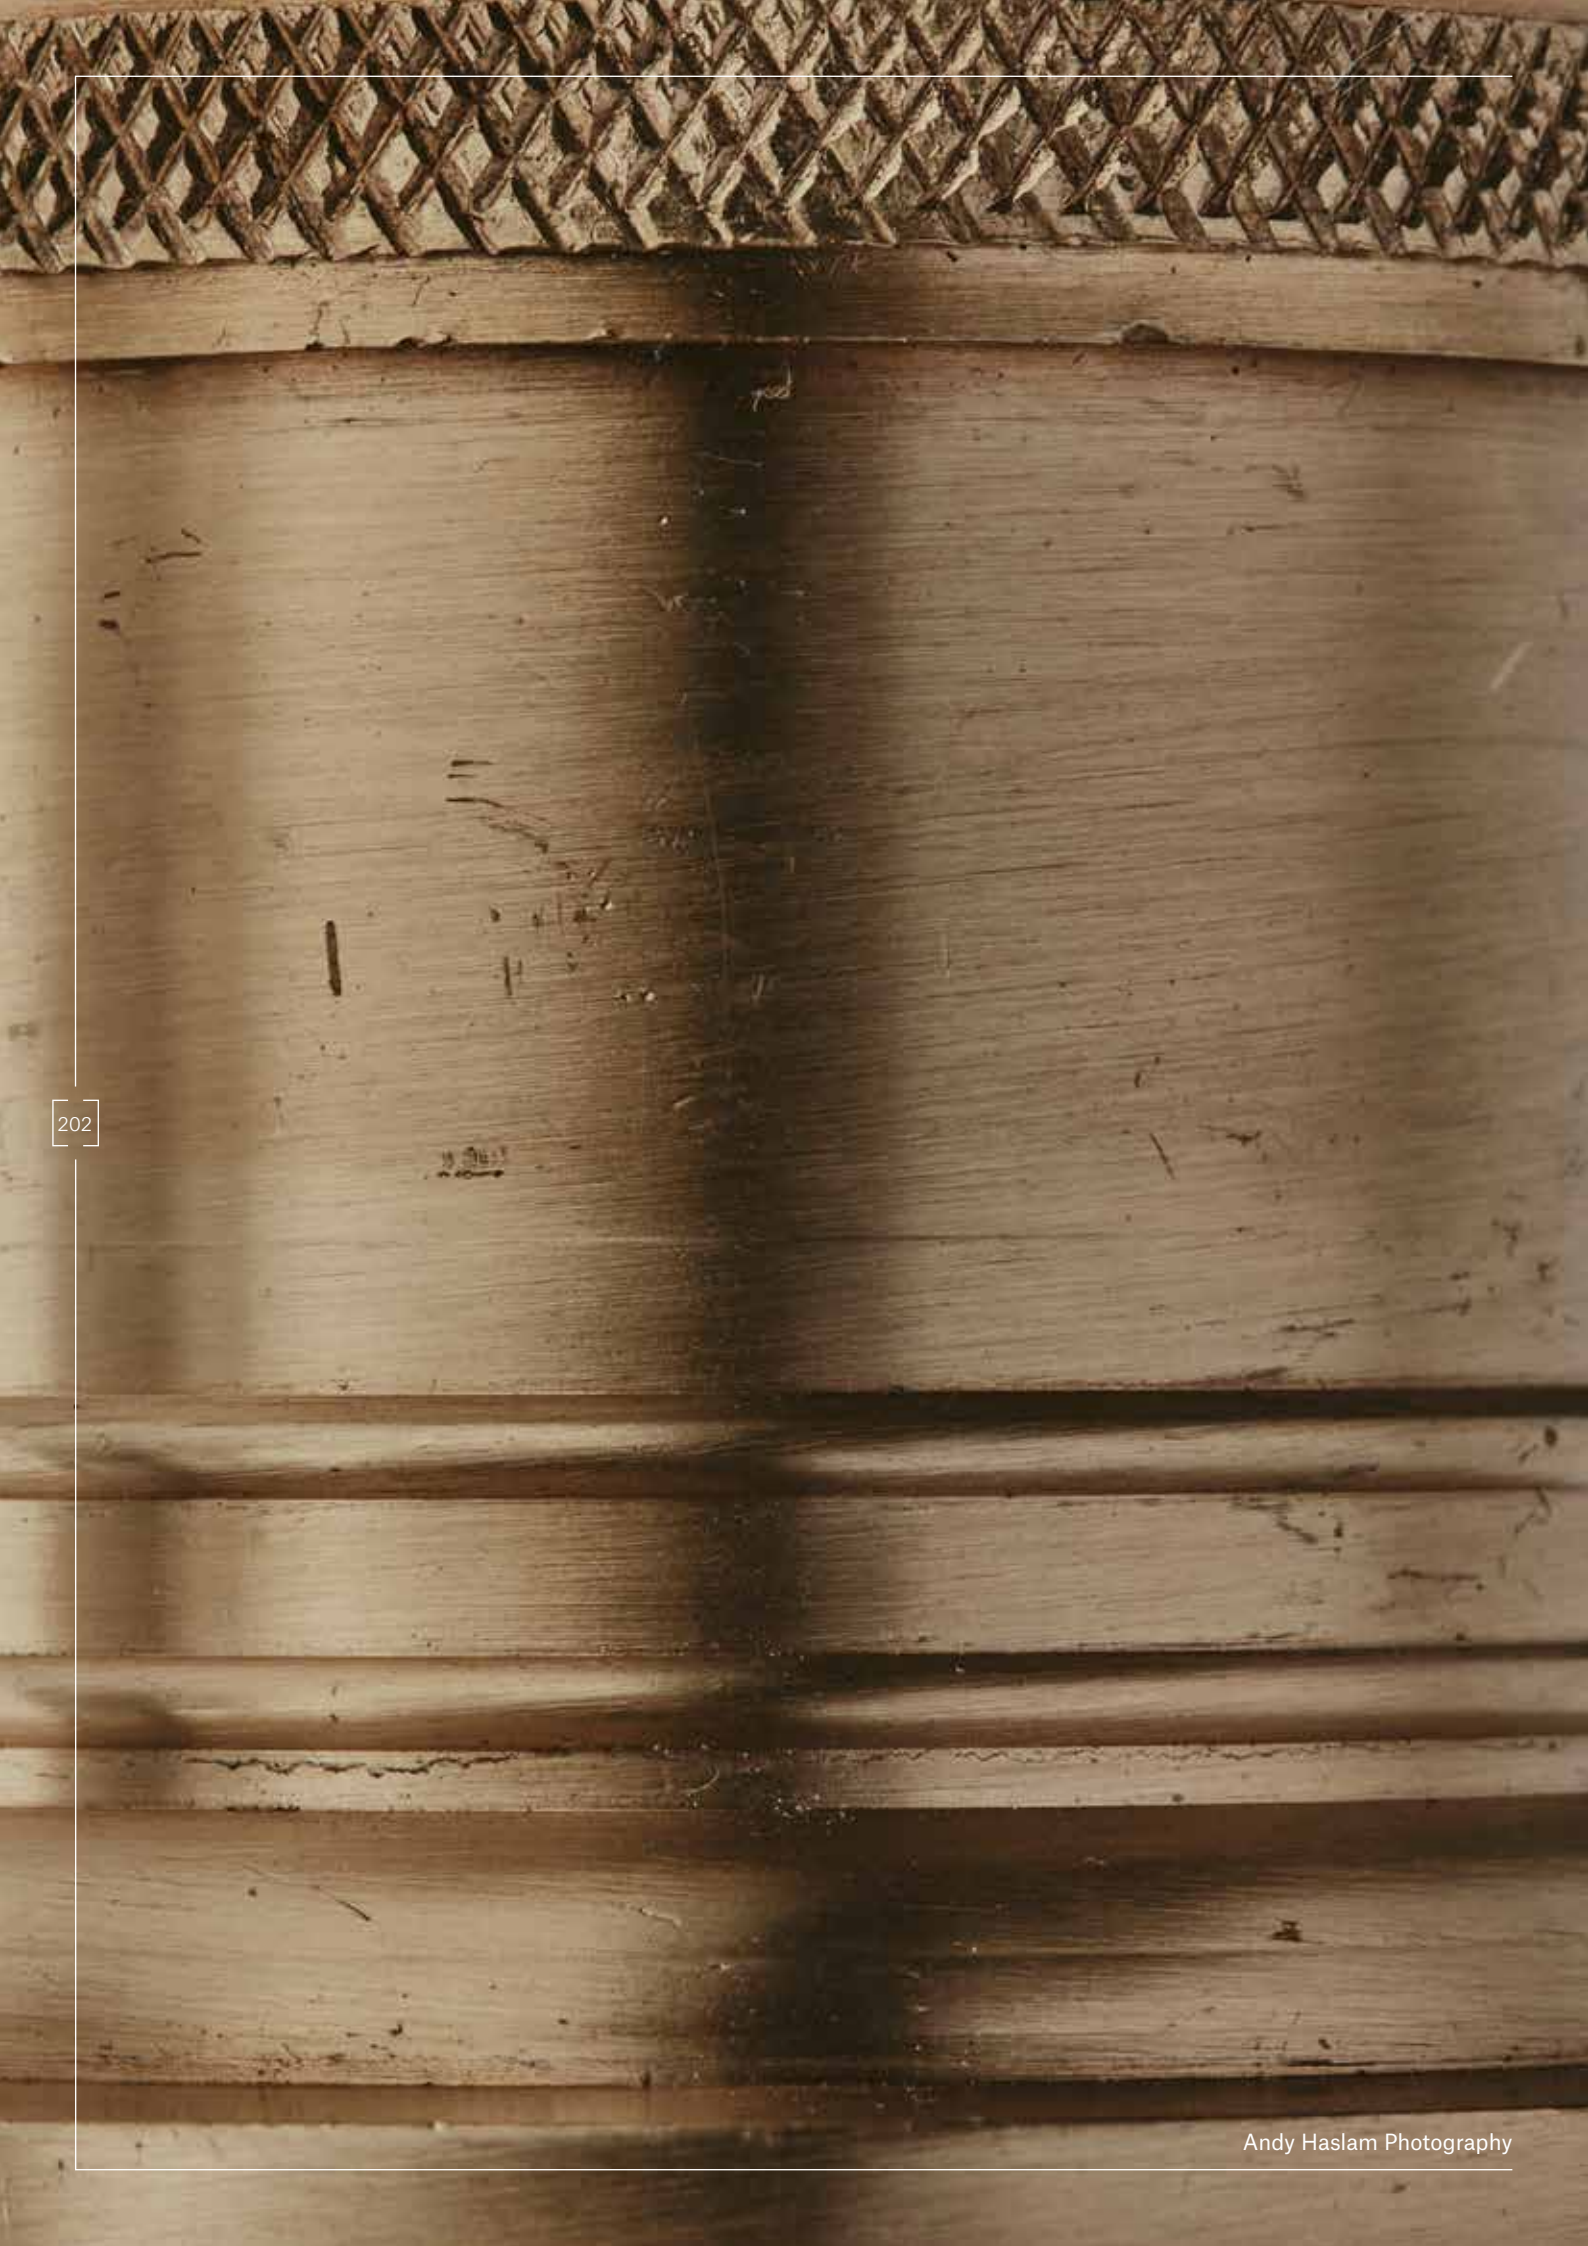

As with all their products, Industville endeavour to offer a variety of options to ensure that clients are able to tailor each fitting to their exact specifications.

Bulb Holders 202
Chain 214
Ceiling Roses 216
Clusters 222

Specifications

- We meet all UK and EU lighting and safety regulations.
- E27 lamp-holders are fitted as standard.
- Dimensions include any cord girips supplied complete with fitting

Please note: all our products are hand finished to ensure an authentic vintage look and therefore they may vary slightly from those shown in the images.

Bulbs

224

All the light bulbs offered by Industville are Vintage Edison LED filament light bulbs. These light bulbs utilise eco-friendly, cost effect LED technology to produce a warm white or amber light perfect for commerical and domestic projects alike.

Industville offer these light bulbs in a range of wattages (500 - 560 lumen) and two

colours (clear and amber), enabling clients to create the ideal ambience for any project.

Vintage Edison LED light bulbs present a fantastic alternative to traditional incandescent bulbs while retaining the vintage look and feel.

LED Edison 226

225

Bespoke

236

Industville offer a variety of different bespoke services and options for their clients.

As all Industville products have been designed in components and therefore can be tailored according to your design specifications.

Industville also have the ability to design and manufacture bespoke products for all clients should the project require it.

This can cover a great variety of options, whether simply creating an existing product in a different finish or colour to the design and manufacture of a completely new fitting.

Service Information

237

Industville are also able to create fittings suitable for international projects and can manufacture products with the specification, UL E26, available on request.

Please note that any bespoke products or fittings will incur extended lead time, dependent on project requirements.

For any enquiries regarding the bespoke options available,

Please contact us:
