Circle the bugs that are crawling on the same side of the blade of grass.

Hi Kids! Some of these activities might be hard to solve by yourself. That's okay. Set them aside and work on them later or ask your family and friends for help. Have fun drawing, writing, and learning!

See more @ [smarties-studio.com](http://smarties-studio.com)

Add one matchstick to make the equations work on the right side and remove one matchstick to make the equations work on the left side.

$$IV - I = IV = X$$

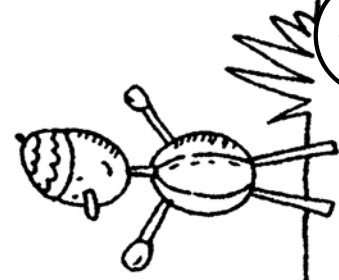

$$VIII = IX - II = V$$

$$X - II = IX = VIII$$

$$VIII = XII - III = VIII + VIII$$

$$XX + X = X = VI + V$$

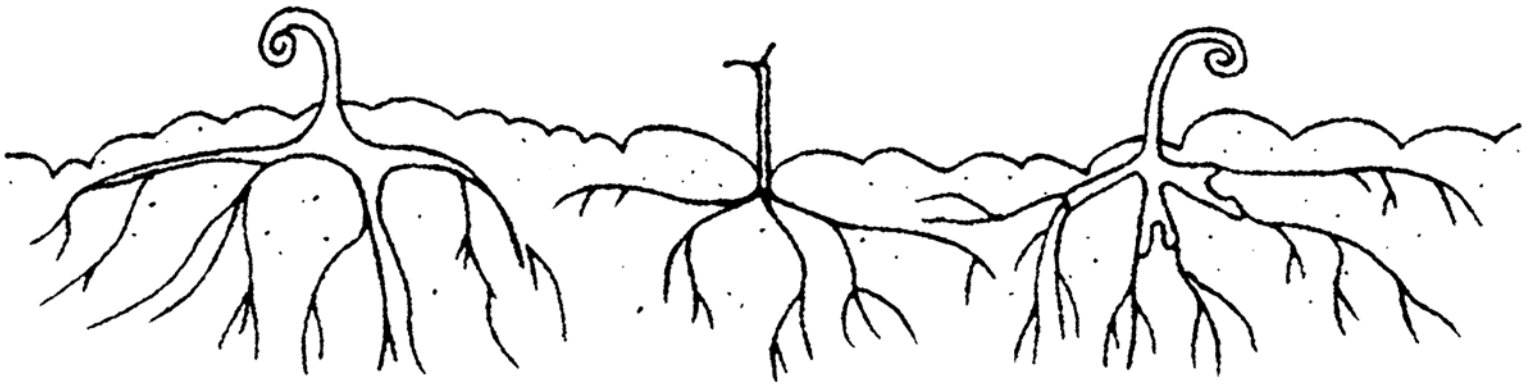

$$VI + V = I = XIV = X + V$$

Hi Kids! Some of these activities might be hard to solve by yourself. That's okay. Set them aside and work on them later or ask your family and friends for help. Have fun drawing, writing, and learning!
