

CAPILLARIES

INFLAMMATION OF THE INTESTINES

Enlarged blood vessels on the face that can often be seen when there's a relationship with organs in the body. A rosacea-like appearance when mild; in digestive zones forehead, cheeks and/or nose. Usually multiple visible capillaries in forehead, cheeks and/or nose are associated with an inflamed digestive tract.

MUST-HAVES

RESCUE MD

A powerful tool for the skin to calm redness, detox, and boost your skin's immune strength.

RECOVERY

A powerful prebiotic that restores the microbiome and gut health. This allows the gut to heal itself and this clear the facial capillaries associated with this source of damage.

For lasting professional results, it is highly recommended to receive monthly Osmosis facial treatments to properly support your at-home skincare regimen. You can find an Osmosis Certified Spa near you by visiting our spa locator at <http://osmosisbeauty.com/apps/store-locator>
