

ROSACEA - INFLAMMATION OF THE ESOPHAGUS

The esophagus is the source of your rosacea. The following outline discusses protocols for the 3 main causes, choose the one most applicable to you.

HARD ALCOHOL CONSUMPTION

Inflammation of the esophagus caused by hard alcohol consumption presents itself on the tip of your nose. In addition to the protocol below, we recommend changing your alcohol choices to beer or wine in moderation.

MUST-HAVES

RESCUE MD

A patented tool for the skin to calm redness and detox and boost your skin's immune strength.

IMMUNE ACTIVATOR

Can be used for redness of the nose by letting it seep down the back of the throat. It addresses damage related to alcohol and/or acid reflux.

ALSO BENEFICIAL

RECOVERY

A powerful prebiotic that restores the microbiome and esophagus/gut health, which clears nose redness associated with this source of damage.

For lasting professional results, it is highly recommended to receive monthly Osmosis facial treatments to properly support your at-home skincare regimen. You can find an Osmosis Certified Spa near you by visiting our spa locator at <http://osmosisbeauty.com/apps/store-locator>
