

**GET STARTED: ENSURE YOU ARE PRINTING THIS GUIDE CORRECTLY**

Make sure the page is set at 100% scale on letter size (8.5" x 11") paper when printing.

To ensure this is correct after you print, measure the bar on the left - it must be exactly 1 inch or 30 mm long. You can also place a quarter over the image. If it matches the quarter exactly you are good to go!

**LET'S GET TO SIZING**

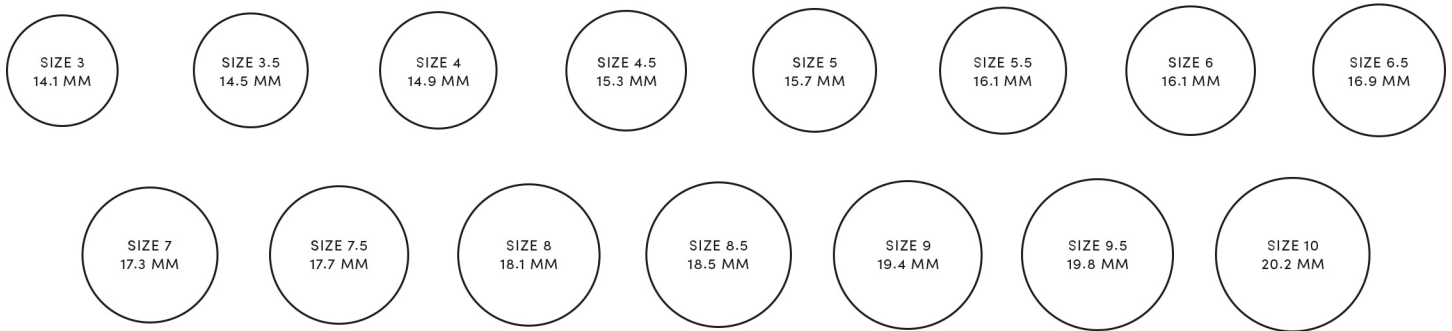

Select a ring that fits the intended finger.

Place the ring over the circles below. Match the inside rim to the circle nearest in size.

Found a match? You found your size.

**US + CANADIAN RING SIZES**

We cannot guarantee that ring sizing via paper will be accurate. We highly recommend getting sized by a local jeweler.

**A FEW TIPS**

Take into consideration your ring size can change based on temperature and the time of day (oh...and what you eat, like salty foods). In the summer your hands may swell. Your ring should be snug enough that it will not fall off, but large enough that it slides over your knuckle.

Each hand may be different, so measure the finger you want to wear the ring on. The size of your ring finger on your right hand could be different than your ring finger on your left. Always measure both to be sure!

If you are between sizes and we only offer full sizes in the ring you like, size up! But lucky for you, we offer half sizes for almost every style!

Take a half size up from your usual size for wider bands.

**BUYING A RING AS A SURPRISE?**

Borrow a ring from your significant other when they are not looking and use this size guide! We always suggest finding the most plain and narrow ring for sizing. Remember if you are purchasing a band with stones all around or with an intricate design it most likely cannot be resized.

**INTERNATIONAL ORDER?**

Use our conversion chart to determine your US ring size. All of our rings are in US sizes on our site.

Reminder, we cannot be held responsible for ring size measurements or conversions. This guide is a reference and if you are in doubt come and see us for an in-person sizing consultation!
