## Microsoft Phone MP56 - Teams Edition

Based on Android 12 OS, MP56 is a Teams-tailored IP phone with a 7-inch capacitive touch screen, which offers a faster response speed and the upgradability of firmware to the SfB edition. It facilitates high-quality collaboration with flexibility thanks to Yealink Optima HD voice and magnet handset, dedicated Teams button and Bluetooth connectivity to Bluetooth headsets. This easy-to-use and reliable option is ideal for office workers.

### Key Features and Benefits

#### Easier to be heard and involved in the call

The MP56 combines the professional hardware and software technology to deliver crystal-clear voice communications. Thanks to Yealink Optima HD voice, and the hardware of full-duplex hands-free speakerphone with AEC and HAC handset, MP56 allows the user to concentrate on the content of a call.

#### Rich Functionality

The 7-inch color touch screen and the Teams-tailored user interface provide a rich visual presentation and easy menu navigation. The MP56 is fully compatible with Microsoft 365, making for a rich and talented ecosystem for your team. Meanwhile, it also boasts unparalleled functionality and expansibility with built-in Bluetooth and Wi-Fi features.

#### Efficient Provisioning and Management

The MP56 is coupled with Yealink efficient auto-provisioning mechanism, including phone deployment and configuration. Administrators can take advantage of centralized deployment, management and updating. Moreover, MP56 supports several device management platforms, including Microsoft/Yealink/Unify Square Device Management Platform.
