EQUIVALENT 2000  
POCKET SPRINGS

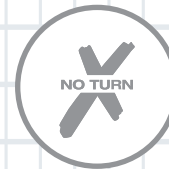

ENCAPSULATED

GEL

3D AIRFLOW  
BORDER

NO TURN  
ROTATE  
REGULARLY

Comfort Gel is an innovative polymeric thermo-regulator gel with extraordinary refreshing properties which forms the upper comfort layer of this mattress.

Comfort Gel is breathable and disperses heat three times faster than conventional materials such as visco-elastic and latex, providing effective body temperature control and a more comfortable sleep environment.

Encapsulated Construction 3D Airflow border for improved temperature control  
Gel No Turn Rotate Regularly 2000  
Equivalent to 2000 Pocket Springs.
