

Eurythmy Shoe Sizing

Our Eurythmy Shoe sizing follows standard European Sizing.

To Measure your Foot Length: Place your bare foot on a piece of paper, with your heel against a wall or edge. Take a pencil and draw a line at the longest toe. Measure the distance from the heel to this line. This is your foot length.

Consult the Size Chart: Compare your foot length with the values in the size chart to determine the correct size.

Shoe size	Foot length (mm)	Foot length (inch)	Shoe size	Foot length (mm)	Foot length (inch)
23	154	6.06	38	245	9.65
24	159	6.26	39	249	9.81
25	164	6.46	40	259	10.2
26	169	6.65	41	265	10.44
27	174	6.85	42	273	10.75
28	180	7.09	43	276	10.87
29	184	7.24	44	285	11.22
30	195	7.68	45	289	11.38
31	199	7.84	46	297	11.7
32	205	8.07	47	302	11.89
33	211	8.31	48	307	12.09
34	219	8.62	49	312	12.29
35	223	8.78	50	317	12.48
36	232	9.14	51	323	12.72
37	238	9.37	52	329	12.96
