4.1. Description of first aid measures	
General information:	If in doubt or if symptoms persist, seek medical attention.
Eye contact:	Mild irritation. Flush eyes thoroughly with water (for at least 10 minutes) while holding eyelids open. Then immediately consult a physician/ophthalmologist.
Skin contact:	Remove mechanically, wash with plenty of soap and water, liberally apply skin cream to clean skin. Consult a physician in case of persistent pain or redness.
Ingestion:	Have person rinse mouth thoroughly with water, and then spit out rinse water. Never make an unconscious person drink fluids because of risk of suffocation. Do NOT induce vomiting. If symptoms develop: Get medical advice/attention
