## Juice Extractors ES700

The top-of-the-range juice extractor with automatic pulp ejection. The only model on the market with a double feed chute for optimal extraction of juice from fruit and vegetables. More than 1/2 gal of juice in just a minute! The ideal extractor for high-turnover juice bars that consume over 20lbs of fruit and vegetables a day.

## ES700 Juice Extractors

### Genuine juice

Thanks to the " Pulp Retainer " – a stroke of genius by Ceado – the juice obtained is clearer and brighter, thus considerably enhancing the taste.

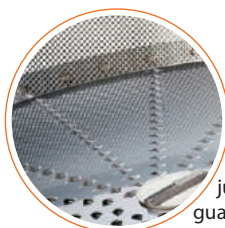

### Wash & go!

Washing is quick and easy, as the basket with magnetic catch and parts in contact with food are simple to remove and replace, with no tool required.

### Juice Fit

The grating disc and mesh filter are designed to extract the fruit juices gently, guaranteeing maximum performance also with leafy vegetables.

### Work better

Incredibly quiet, the ES700 model ensures a pleasant environment for both customers and staff.
