

sobremesa

by Greenheart

Bring a story to the table with Sobremesa.

We are the comfort and warmth of good food and great friends, the laughter at the end of a delicious dinner, the conversation that makes everyone lean in closer while passing the wine; we are Sobremesa.

The word “sobremesa” literally means “over the table,” and captures the Spaniards’ art of savoring the conversation and company of others after a meal. For those who eat local but think global, our collection of sustainable tableware invites you to join the story of Fair Trade and conscious consumerism. From the renewal of a closed glass factory in Guatemala to the machine less ceramic workshop in Tunisia, each product is designed to sustain both artisans and the environment. Together, we can share this story whenever family and friends are gathered at the dinner table.

Sobremesa by Greenheart, a division of Greenheart International, is based on Greenheart’s social and environmental initiative for global change. After years of retail experience, we realized there was a need for sustainable tableware that supports artisans with both a fair wage and healthy working conditions. The Sobremesa Collection is changing the lives of artisans and their families across the globe while adding a personal touch to the cooking and dining experience.

Fair Trade Redefined.

PaTS

In the heart of the Amazon in Peru, indigenous Yanasha artisans work with PaTS to sustainably harvest from forests that have long been their home. They carve each bowl by hand, digging out the hollow of the bowl and refining its curves with hundreds of strokes. Utilizing managed forests, PaTS preserves the abundant biodiversity and natural beauty of Amazonian communities while supporting families with fair wages.

Dishes & Deco

The talented painters of Dishes & Deco are influenced by traditional Tunisian style and western design. Inside the 8,000 square foot studio, over a dozen artisans hand paint colorful mandala-like patterns and bold stripes onto white clay. Each line, dot and stroke of glaze is applied individually without a template. Committed to the well-being of the artisans, Dishes & Deco offers permanent contracts, insurance, and provides free transportation for workers to and from the studio.

Artesanos

In a small town outside of Antigua, Guatemala, the Artesanos de San Pedro have created a workshop dedicated to the sustainable production of cutting boards and wine toppers. Incorporating modern techniques with traditional handcrafted quality, these artisans cut, smooth, and shape each piece of teakwood into a unique piece for the table. The Artesanos de San Pedro gather recycled or sustainably sourced hardwood from the Smartwood Alliance in order to secure the future of the wildlife that surrounds their community.

COPAVIC

The cooperative **COPAVIC** was formed in 1976 when seventeen artisans came together and reopened a former glass factory in Cantel, Guatemala. These artisans crush then melt down broken, discarded glass, and hand blow the molten fragments into new recycled pieces. Not only does COPAVIC protect and renew their environment with recycled glass, they revitalize their community with living wages, insurance, and skills that continue to serve artisans beyond COPAVIC's kiln-lined walls.

Natural Olive Wood

Natural Olive Wood is a family-owned business that crafts utensils from non-productive olive trees. Two brothers, born and raised in Tunisia, learned the art of carving the trunks of olive trees as children. Today, they use that skill to produce naturally beautiful olive wood pieces which highlight the distinct swirling patterns of the trees' twisted trunks. Nonporous by nature and coated in a protective layer of olive oil, Natural Olive Wood products are safe and sustainable.

El Tun

Four brothers in Antigua, Guatemala started El Tun twenty-five years ago to preserve and share their traditional methods of weaving. They inherited a rich history of passion and quality which is spun into each fiber on their looms, powered by nothing more than the pulse of their feet. It's from the very beat of their foot on the treadle that these four brothers took their name. El Tun references the traditional drum found throughout Guatemala. The steady beat of their work preserves both tradition and their environment by forgoing machinery.

Rope

Throughout the Erode District of Tamil Nadu, India is known for its production of refined sugar cane and agriculture. **ROPE** supports artisans who recycle the byproducts of these industries. They make placemats by hand, spinning banana leaves and fibers on looms. Through responsible production Rope addresses the employment problems common in rural India, ensuring that the skills of over one-thousand artisans are utilized and updated, while also crafting products that are ecologically sustainable.

Wholesale Policies and Procedures

Customer Service Information

Hours: **Monday-Friday (9:00AM–5:00PM) CST**

Customer Service Phone: **(312) 235-6639**

E-mail: info@sobremesasales.org

Order Minimums

Opening Order: **\$350.00**

Re-order: **\$100.00**

*A \$25 fee may be applied if minimum order is not reached.

New Accounts:

To become a Sobremesa customer, please e-mail a copy of your Resale Certificate, sales tax license, or completed exemption certificate to Sobremesa along with your initial order.

Orders:

All items must be ordered in the case pack quantities listed on price sheet. Confirmed orders will ship as ready unless otherwise specified. It is the customer’s responsibility to notify Sobremesa if they would like to make any changes to their order prior to shipment. Failure to notify Sobremesa of any desired changes to the confirmed order prior to shipping resulting in the refusal of the shipment will incur a 20% restocking fee. **ALL SALES ARE FINAL.**

Pricing:

The wholesale prices on this pricelist apply to stocking retailers only. Prices are subject to change without notice. Items are billed at the prices in effect at time of shipping.

Payment:

All orders must be pre-paid. Sobremesa accepts all major credit cards as well as company checks. COD’s are not accepted. When pre-paying via company check, please contact Sobremesa for estimated shipping charges. Orders with a declined credit card will be put on hold and you will be contacted for alternate payment.

Back Orders:

When placing an order, please indicate whether or not you accept back orders. Sobremesa will contact you before shipping if back order is more than 60 days old unless customer was informed of later ship date at time of order.

Shipping:

FOB point is Chicago, IL. Standard shipping rates will apply to all orders. Special routing information must be specified at the time an order is placed, or Sobremesa will ship at its own discretion. Freight carrier is subject to change without notice.

Damages/Shortages:

Damages or shortages must be reported within five (5) business days of receipt of goods in order for a claim to be honored. Claims for damaged products will be honored only if the original packaging is retained for inspection and images of damaged items are sent to Sobremesa via e-mail. Once images are reviewed by Sobremesa, a credit on your next order or replacement product will be sent. Due to the use of natural materials and the handcrafted nature of our products, slight variations in finishes, tones, size, and/or color can occur and are not considered flaws. These variations are not grounds for a return, exchange, or credit.

Order Cancellation/Changes:

Changes to orders will only be accepted before the order has been formally processed and packed for shipping. Order cancellations must be received in writing prior to shipment.

Rush Orders:

We will happily expedite your order upon request. However, requested rush orders will include a \$25.00 rush fee. Rush orders must be received before 11:00AM CST.
