

Gloss stainless steel

Semi-gloss stainless steel

Matt stainless steel

Polished unlacquered brass

Waxed satin brass

Antique brass

Natural brass

Bronze patinated brass

## FINISHES

All brass finishes are 'living finishes' designed to polish and patinate with age and use. There is more information available on the website: <https://gedkennett.co.uk/finishes/> As all my fittings are handmade, variations in colour, texture and dimension should be considered part of their character.
