## 公司简介

浙江芝博科技有限公司成立于2011年，是中国领先的工业/家用取暖器制造商和供暖方案服务商，专业生产燃油取暖器、电取暖器、燃气取暖器、生物质颗粒取暖器和新能源取暖器等全能源类加热设备。

到目前为止，我们拥有数条先进的自动化生产流水线，每月100000台生产产能，依靠先进的设备和经验丰富的人才，确保我们生产出具有国际最高标准的最可靠的加热器，并且通过 CE、cETLs、RoHS、SAA、SAI、CSA、GS 和ISO9001 认证。

芝博始终专注于以最合理的价格为客户提供高质量产品。本着“优良的品质、竞争力的价格、优质的服务”的原则，产品远销美国、加拿大、俄罗斯、英国、德国等欧洲国家并在所有客户中享有高度的信誉。

Zhejiang Zobo Technology Co. Ltd, established in 2011, is a leading manufacturer and supplier of industrial/home heater in China, specializing in Forced-Air heater, Electric Fan Heater, Electric Infrared Heater, Patio Heater and wood pellet heater.

By far, We have several advanced automatic production lines. Besides, advanced equipment, professional and experienced talent and integrating human resources with a whole collection of management, operation and service ensure us to produce the most reliable heater with the highest international standard and quality, certified by CE, cETLs, RoHS, SAA, SAI, CSA, GS, and ISO9001. We manufacture 20,000 pcs heater monthly.

Zobo always focus on supply grade A product and heater to customer, with most reasonable price. By keeping the principle of "Excellent quality, Competitive price, Superior service", we have enjoyed high integrity among all of our customer including U.S.A., CA., Russia, U.K., Germany, many European countries and middle east countries.

### 企业愿景 VIRSON

成为工业加热器标杆企业  
成为一家伟大的公司

Become a leader for industrial heaters and become a great company

### 企业使命 MISSION

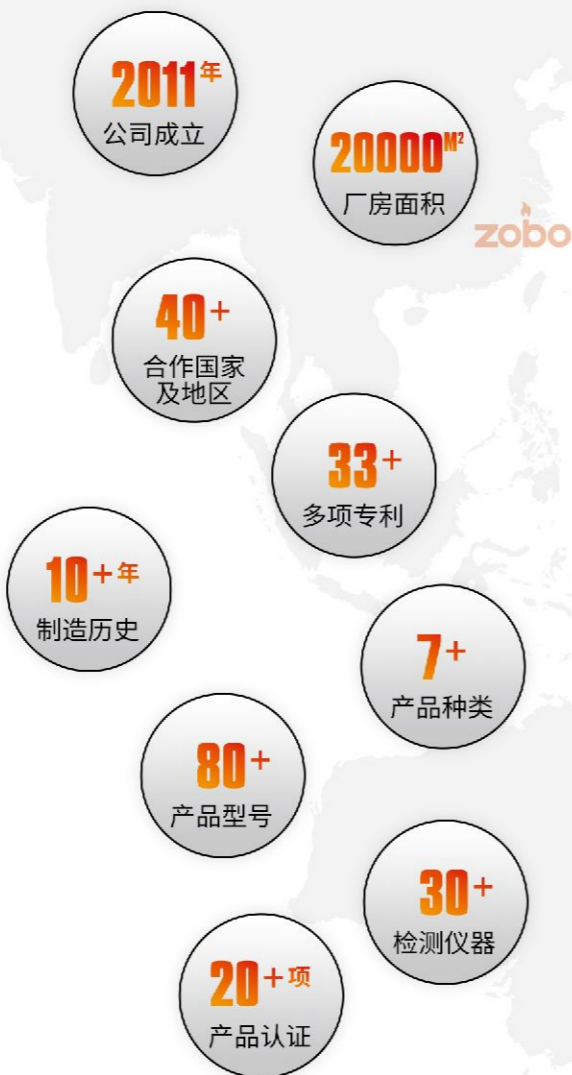

帮助更多的人实现梦想和体现价值

let more people come true and embody value

### 核心价值观 CORE VALUES

团队合作、敬业、诚信、积极、感恩

Teamwork, Honesty, Dedicated, Energetic, Thankful.

- 推架设计,移动更便携
- 过热自动断电,安全更可靠
- 绝缘防烫金属外壳
- 出风口上下15°到25°角度可调节
- 隔热提手,前后防护网罩
- 特设自然风档,夏天吹自然风

Smokeless, odorless, no oxygen consumption, suitable for multi-scene heating  
High power and super heat, enjoy it in a moment  
Push frame design, mobile more portable  
Automatic power off when overheating, safer and more reliable  
Insulated anti-scalding metal shell  
The angle of the air outlet can be adjusted from 15° to 25° up and down  
Heat insulation handle, front and rear protective net cover  
Special natural windshield for natural wind in summer

燃气暖风机 智能温控型  
GAS FORCED AIR HEATERS

智能温控, 功率大小可调  
内部通风性强, 耐热不锈钢燃烧室, 长时间使用外壳不发热  
内置多个切断气源装置, 使用安全  
CO、NO和乙烯排放低, 更环保  
IP55电机, 使用寿命长  
可配备室内温控器连接使用, 实现恒温运转

- Intelligent temperature control, adjustable power
- Strong internal ventilation, heat-resistant stainless steel combustion chamber, the shell does not heat up after long time use
- Built-in multiple cut-off gas source devices, safe to use
- Low CO, NO and ethylene emissions, more environmentally friendly
- IP55 motor, long service life
- Can be equipped with an indoor thermostat to connect and use to achieve constant temperature operation
