# INSTALLING BLADES

- 1) Take a firm Grip of Your Russell's Shave Club Cut Throat Razor.

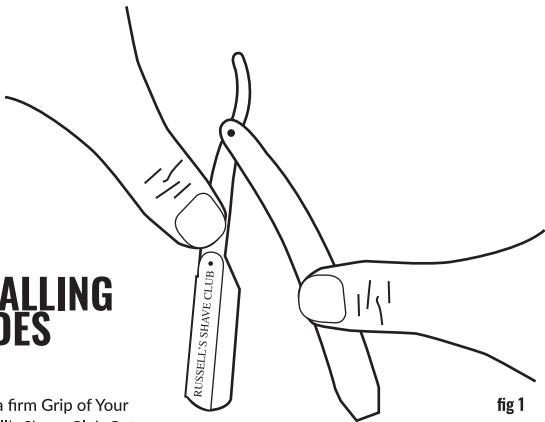

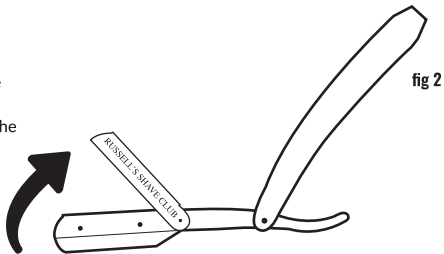

fig 1

- 2) Move the long arm of the razor until it is in the 9 O'clock position and lift the quick-release latch.

- 3) Separate the 2 internal layers of the razor head, revealing the blade well.

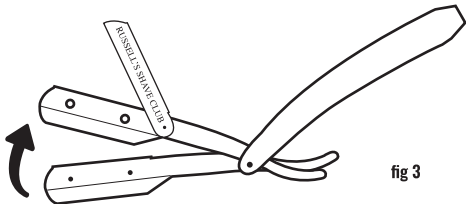

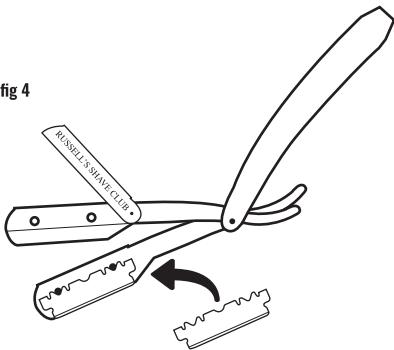

fig 4

- 4) Take a fresh razor blade and line it up to the notches, as pictured in the image. (fig4)

**NOTE:**

If you are replacing the blade, be sure to remove the old one first.

- 5) Close the 2 internal layers of the razor head by lining up the holes to the notches. Ensure your blade remains firmly in place.

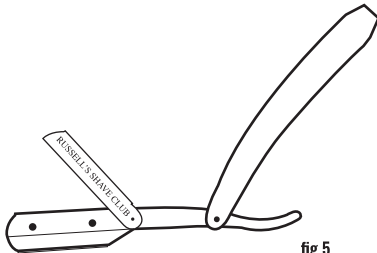

fig 5

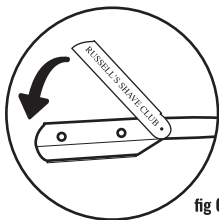

fig 6

- 6) Return the quick-release latch to its original position, ensuring the blade is firmly seated in the razor head.

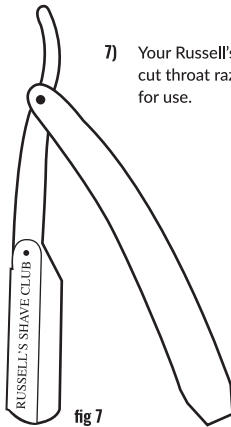

fig 7

- 7) Your Russell's Shave Club cut throat razor is now ready for use.
