NOTES

For Phonics this year, we assign the first six books of *Explode the Code* with two lessons a week and a catchup day every other week, but go at your own student's pace. If your student is struggling, slow down, extend it into the summer, or get the 1.5 version of *Explode the Code*. If they are strong, you might go on to books 7 & 8 of *Explode the Code* or just start reading books instead.

For Math, students will be going through *Life of Fred* for their math concepts, and *Math Mammoth* for practice. Go at your own pace. There will be two leftover chapters in *Life of Fred* at this schedule, and students will not finish *Math Mammoth* this year, so do what works for your student..
