

Fiber Circle Studio

## Scholarship Fund Application

Welcome to Fiber Circle Studio – a place of creative and community in the fiber arts! We believe that education is important in order to keep fiber arts alive, but we also understand that not everyone has the means to pay full price for workshops. We value the people in our community from all walks of life and encourage you to apply for a scholarship if you in need financial assistance.

### DETAILS

- We encourage anyone in under resourced communities including but not limited to youth, elderly, bipoc and anyone who is financially unable to pay for our workshops to apply for our scholarship fund.
- Scholarships must be applied for between 4 – 12 weeks before the desired workshop.
- Scholarships are available based on the availability of the funds in the scholarship program (donated by generous members of our community).
- Scholarships are offered in quantities of \$25, \$50 and \$100.
- The applied scholarship amount **cannot** be more than the workshops you plan to apply it to.
- Any scholarships acquired must be used towards the workshop originally requested, or a transfer made no less than 7 days before the workshop.
- In the event of late cancellation or no show, the scholarship will be void as that money will be paid to the teacher for your space.
- If we need to cancel a class, you may use the scholarship for a future workshop, or return it to the fund for others to use.

*All donations and applicants are kept anonymous for privacy purposes!*
