We met many new muslims on campus and gained some exposure for our club as well.

The Club and Society days were filled with discovery, connection, and community engagement, as students explored the diverse array of clubs and societies available to them. The UWOSP booth got some new visitors which opened up the club to a broader audience. It was amazing getting to meet some eager people who wanted to know more about the club.

We are delighted to share the joyous moments and memories created at our recent OSP Social! The atmosphere was electric as members of our vibrant community came together to celebrate, connect, and make lasting memories. We received some valuable insights and input to accelerate our fundraisers for this term. It was refreshing to see many new faces in the club and listen to some new voices, passionate to cause change.

SLC MARKETPLACE BOOTH

The support and generosity from our community was overwhelming, and we're excited to highlight the impact of your contributions. We were able to raise over \$3000 already through the two booths that we had this term Alhamdulillah. May Allah keep our intentions on the right track as we continue to work for him to funnel his money to the people who need it. Ameen.
